Blasting Powder Rs. 8-8-0 per barrel of 25 lbs.

HEPTOOLA SHAIK ADUM & Co., Sole Agents.
May 16, 1879. No. 6, Apollo Street, Fort.

PROVISION FOR OLD AGE COMBINED WITH A PROVISION FOR THE WIDOW AND ORPHAN.

EXAMPLE.

A CIVILIAN, European or Native, aged 20 next birthday, wishes to lay apart a sum of about THIRTEEN RUPEES a month in such a way that his savings will be securely invested until thetime of his retirement from Service; and that should he die beforehand, a provision will be secured for his relations. By payment of a sum of Rs. 163-0-0 per annum (or at the rate of about Rs. 13-0-0 per mensem) as the premium for an endowment Assurance, he will become entitled to Rs. 5,000 on attaining age 55; and should he die before attaining that age—even after payment of only one year's subscription—the full sum of Rs. 5,000 will be paid to his representatives. [*Vide* Table III. of Prospectus.]

THE SAME PROVISION, IF COMMENCED

at age 25 would cost about	FIFTEEN RUPEES a month;
at age 30	EIGHTEEN RUPEES a month;
at age 35	TWENTY-ONE RUPEES a month;
at age 40	TWENTY-EIGHT RUPEES a month;
at age 45	FOURTY ONE RUPEES a month;

The rates for other Ages, also for Endowment payable at Ages 45, 50, and 60, and all further information, may be obtained on application Premiums can be paid half-yearly, quarterly, or monthly, at slightly increased rates.

There is an obvious advantage in effecting Investments of this nature *early in life*;—by delay the rate of subscription increases;—death may occur before the intended provision is made;—or health may fail and render the life ineligible for Assurance.

ORIENTAL LIFE COMPANY

HEAD OFFICE:—ELPHINSTONE CIRCLE, BOMBAY.

MANAGER AND ACTUARY

D. McLAUCHLAN SLATER, F. I. A.

N.B.—Every Payment of Premium carries its Proportionate value, which cannot lapse, and for which a Promissory Note is granted.

SHIPPING.

CONSULTING ENGINEER IN BOMBAY.—A. W. FORDE, Esq. M. I. C. E.

BANKERS.—CHARTERED MERCANTILE BANK OF INDIA, LONDON & CHINA.

PROSPECTUS.

THE "KAISER-I-HIND GOLD MINING COMPANY, Limited," is formed for the purpose of acquiring and working mining rights situated in the now celebrated Colar District of Mysore, and also for the purpose of carrying on the usual operations of Gold-Mining in India, more especially by means of crushing and utilising the quartz and extracting Gold and other minerals therefrom.

The mining rights to be immediately acquired by the Company extend over a block of land containing about one square mile. A special report on this block has been obtained from Mr. John Harris, Mining Engineer, and it will be seen that this report, which is annexed, is of a very encouraging nature. It shows that the property is situated about 10 miles east of Bangalore on the Mysore plateau, and within 8 miles of the Colar Road station, that a good road is in course of construction to within a short distance of the Company's land to which it can easily be extended in a short time and at a moderate cost. The many special advantages of the Colar Gold Fields include a climate healthy for Europeans, an abundant supply of cheap labour, and the proximity of a direct railway to the coast. Timber and fuel can be obtained to an unlimited extent at moderate prices, and there is an ample supply of water for mining purposes. A further most important point is that the title is declared by the vendors to be unexceptionable. The mining rights will be acquired by the Company direct from the Colar Concessionaires who derive them from the Mysore Government. These mining rights will be absolutely secured to the Company for the unexpired period of a term of 30 years (less ten days), subject to the payment of a small land tax and a royalty on the nett proceeds of the Gold. This royalty, which will never exceed 5 per cent. on the value of the Gold raised, will only be charged by the Mysore Government in the event of the British Government deciding to impose a similar tax in British territory. At present the British Government do not make any such charge, nor is it likely they will do so for some time to come.

The purchase-money is seven-and-a-half lakhs, half to be paid in cash and half in shares, and it is believed that the remaining capital of the Company, viz., four-and-a-half lakhs, will be ample for the successful working of the property. The vendors are to satisfy out of the said purchase-money the claims of Messrs. C. H. B. Forbes and Co. and Messrs. Arbuthnot and Co., for their services in promoting the Company and negotiating the sale.

The various Mining Engineers, who have visited the Colar Gold Fields, have, without any exception, reported on them most favourably, as likely to yield a very profitable return on any reasonable amount of capital invested. It will be seen from Mr. Harris's Report that there is every reason to believe that the land to be acquired by this Company is of great mineral value, and that it is fully equal to any of the adjacent blocks recently taken up by the Mysore, Madras, and other Companies:—That the purchase-money is moderate is best proved by the fact that only last month the Madras Company received and accepted an offer of £60,000 *for half a mile* of their land (which is adjacent to the block to be acquired by this company), having previously sold another *half mile for* £30,000, while the block of land containing the Ooregum Mine consisting of only *two-fifths* of a square mile has recently been sold in England for £75,000. Therefore, the Company should hereafter desire to sub-sell or sub-lease a portion of their land, there is reason to suppose that they will be able to do so at a handsome profit. The high premium at which the Mysore Company's shares have been recently quoted affords a further proof of the favourable view taken by English investors with regard to the future of Gold Mining in Mysore.

That Gold can be extracted from quartz in paying quantities in the Mysore Gold Fields is now an established fact. The Ooregum Gold Mining Company, Limited (see plan attached to Mr. Harris's Report), have just completed the execution of their machinery, and a crushing of *44 tons of quartz produced* 40 ounces of gold. Such an outturn cannot fail to result in the payment of dividends that should satisfy the most sanguine expectations.

It is of course evident, as regards the present and all other Mining undertakings in Southern India, that the extent of their success cannot be gauged until proved by the actual result of operations; but the statement above made in para. 5 regarding the experience of the Ooregum Gold Mining Company, Limited, rests upon authority believed to be unimpeachable.

Messrs. Arbuthnot & Co. have consented to act as Agents to the Company in Madras, and their intimate connection with Colar Gold Fields affords the best possible guarantee that the local interest of the Company will be most carefully looked after.

Early application for shares on the accompanying form, together with a remittance of the amount of deposit, should be made to Messrs. C. H. B. Forbes and Co., the Secretaries and Treasurers of the Company, 8, Church Lane, Bombay, or the money can be paid to the Chartered Mercantile Bank of India, London, and China, who are the Bankers to the Company in India. Of the 33,000 shares available for the public, about 13,000 have already been subscribed for, and it is expected that the Share List will be closed at a very early date.

Bombay, 28th December, 1880.

[*Extract from Mr. John Harris's Report.*]

The position of this mining property so close to a railway and easy of access, the num er of reefs so well defined on the surface by their outcrops and line of old workings, and the fact that all pits lately sunk in the vicinity have proven them to be continuous in depth, regular, auriferous and easily worked; the very extensive surface old workings, the presence of Gold in the soil, water-courses, and quartz, the geological formation being favourable for gold, the purity of the gold found, the abundant supply of labour and material, the healthiness of the climate, marks this is being a very valuable property. Mining could be commenced immediately by breaking out quartz from near the surface, meantime pits could be sunk to a considerable depth, say 100 yards deep, near the centre of the property, and headings driven east and west intersecting all the reefs and effectually proving the ground. Mining-ground could then be opened out on an extensive scale sufficient to last for many years, without further expenditure of capital. I feel confident if the development of this property is taken in hand by persons of means, and opened out with judgment, energy, and properly worked, it will, in a short time, pay good dividends and continue to for a great number of years on any reasonable amount of capital invested. I therefore, with confidence, recommend this property to the favourable notice of capitalists, and others intending to invest in mining ventures.

JOHN HARRIS, Mining Engineer.

11th December, 1880.

FORM OF APPLICATION FOR SHARES.

To the DIRECTORS of
THE KAISER-I-HIND GOLD MINING COMPANY, Limited,

PRINCIPAL PUBLIC STREETS OF BOMBAY.

PRICE—Rs. 5 ; with Postage Rs. 5-4.

COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, JAN. 5, 1881.

THE home telegrams to hand to-day report few movements of interest here. Consols are unaltered at 99, French Rentes at 119¾, and Enfaced Rupee Paper at 82½ for Fours and 89⅝ for Fours-and-a-half. The 3½ per cent. Sterling Loan is still quoted at 104½. Indian Exchange Bank shares Reuter quotes at £20 for Oriental, £22 10s. for Chartered, £21 10s. for Chartered Mercantile, and £40 for Hongkong and Shanghai.

In the General Produce Markets there is no quotable alteration. Wheat and Seeds are unchanged all round, and Coffee and Cocoanut-oil are as last quoted.

The Manchester Piecegoods market yesterday, Reuter says, closed strong, but higher prices asked checked business. Quotations, as given, show an advance of 1⅛d. per piece in shirtings and 50-inch madapollams, and ⅛d. per lb. in twist.

Cotton in Liverpool yesterday closed firm, the day's sales being estimated at 12,000 bales, of which 1,000 were Surats. Spot prices were unchanged, and from what we can learn, private messages give no alteration in Surats to arrive. In New York ready Mid-Uplands have advanced from 11 15-16 to 12 cents per lb., and March shipment from 12 7-32 to 12 15-32. The receipts at the U. S. ports to date give the following comparisons :—

	1881.	1880.	1879.
Tuesday's receipts	12,000	23,000	33,000
Four days' ,, ...	56,000	78,000	63,000
Total since 1st Sept.	3,492,000	3,241,000	2,762,000

EXCHANGE.—With Bar Silver in London unaltered at 51⅞d. per oz. and nothing from Calcutta to affect us here materially, we have had a very quiet market here to-day, and no movement in rates to record. The extent of private paper offering, on the one hand, has been comparatively light, and, as usual on Council draft day, the banks have been but indifferent sellers. The prevailing opinion here to-day has been that the average obtained at the biddings in London to-day would be about 1s. 7d. 23-32, and our figures are based on that. Over or under that price would probably lead to a corresponding movement here. We quote for ready bills :—

Bank Bills on demand.....	1s. 7 21-32d.	per Rs.
Do. telegraphic	1s. 7 3-8d.	,,
Do. 3 months' sight ..	1s. 7 25-32d.	,,
Credits, 3 ,, ,,	1s. 7 15-16d.	,,
Documents, 3 ,, ,,	1s. 7 31-32d.	,,
Francs, 3 ,, ,,	2s. 10½.	,,

On Calcutta demand drafts may be quoted at 1-16 per cent. premium, but for 60 days' sight there is no quotation.

GOVERNMENT PAPER to-day has been very firm, and business to some extent has been done at Rs. 100⅜ for Fours and Rs. 109¾ to ⅞ for Fours-and-a-half. The market is firm, and so long as money is obtainable, as at present, at 1½ per cent per annum rates are not likely to decline materially. A large sale of Port Trust bonds is said to have taken place to-day at par.

SHARES.—The market continues firm, with an upward tendency. Bank of Bombays are unchanged at Rs. 740. In Land Companies the only movement is an advance of Rs. 15 in Colaba. In Press Companies, Mofussil Company's are Rs. 5 higher, but there is no other change. For Spinning and Weaving Mill shares there is still a good demand at an advance of Rs. 10 to Rs. 15 on yesterday's rates.

COTTON.—To begin with there was little or nothing done this morning, owing to the absence of the New York telegram ; but when it came to hand sellers advanced their rates Re. 1 to Rs. 2 per candy. For a time buyers declined to pay the rise, but ultimately they had to give way, and a considerable business has been done during the afternoon at our quotations, say :—

Good Hingunghaut, Jan.delivery....	Rs. 212	per candy.
Good Oura, ,, ...	220	,,
F. G. F. ,, ...	218	,,
G. F. ,, ...	210	,,
Good Broach, March	214	,,
Good Bhownugger, April	224	,,

In SEEDS and WHEAT there is no alteration in prices. There is, however, a fair business doing at previous quotations.

FREIGHTS are firm, although not actives For Liverpool 35s. is the rate named by shippers, but as the s.s. Wistow Hall is finished, consignees are now asking 37-6. For the Mediterranean 42-6 to 43-9 is quoted, and for Trieste and Venice 50s., payable here, is the quotation. For the Liverpool berth two steamers are reported to have been fixed for forward loading at 35s. to 36-3.

PIECEGOODS are unaltered. The demand from the bazaar is as dull as ever, and there is no change in values, notwithstanding the further advance in Manchester. The effect of the latter, in fact, will only be to render forward delivery transactions more impracticable than ever.

COALS are quiet at unchanged prices ; no new business is reported, and nominally prices are quite unchanged.

THE BOMBAY VOLUNTEER RIFLE CORPS.

REGIMENTAL ORDERS

BY LIEUT.-COL. COMMANDANT W. S. HEWETT.

Bombay, 5th January, 1881.

1 The following companies have elected to shoot for the Bayley Shield on the undermentioned days :—

E Company, 10th instant ; B, 13th instant ; C, 14th instant ; D, 15th instant.

2. The range on Monday, the 10th instant, will be reserved for D and E Companies only.

Targets Nos. 1, 3, and 5 for D Company.
,, 2, 4 and 6 for E Company.

3." Officers in charge of teams will be good enough to ensure all hands being present at the range at Coorla on the days above specified.

4. Members of B, C, D and F Companies who have not done their class-firing are requested to do so as soon as possible. Such members can put in their position drill by attending near the Oval daily, morning and evening, at 6-30 a. m. and 5 p. m., one of the Instructors always being present. The attention of the Captains of B, D, E, and F Companies is called to this order.

5. Until further orders, in addition to the parades under the Commandant and Adjutant, there will be parades on Mondays and Fridays every week under the instructions at 6-30 a. m. opposite the Gymkhana. This order applies to Fort Companies only, viz., A, B, C, and E Companies. These parades will continue until after the annual inspection of the Corps. All members are requested to attend.

By Order, F. STOKES, Capt.,
Adjt., B. V. R. Co.

GOVERNMENT OF INDIA ORDERD.

(*Gazette of India*, Jan. 1.)

GRAEFENBERG COMPANY, NEW YORK.
Agents in Bombay :
B. S. MADON & Co.
NOWROJEE BOMANJEE & Co.

SURGEON DENTIST,
DR. C. F. KHORY
(LICENTIATE OF DENTAL SURGERY OF THE ROYAL COLLEGE OF SURGEONS OF ENGLAND, 1873.)
No. 23, RAMPART ROW,
Opposite the Floral Fountain, next to *Bombay Gazette* Office

Messrs. C. MARCKS & COMPANY,
OF
BOMBAY and POONA,

HAVE the pleasure of announcing that Mr. A. MENIST, Oculist's Optician, of Amsterdam and London, has appointed them AGENTS for the sale of his celebrated PEBBLE SPECTACLES and EYE-GLASSES, BINOCULARS, &c.

Mr. MENIST makes his Frames of Gold and Silver only, which have been found to be the best metals for the purpose, his object being to obtain perfection as nearly as possible, without regard to cost. He does not use steel, for this metal rusts, and the joints become loose, altering the focus of the glasses, and so injuring the eyes ; neither is there any economy in it, for in this climate it corrodes so quickly that it must be often renewed, while Gold or Silver are practically everlasting, and Aluminium cannot be used, for it leaves an indelible mark on the skin wherever it comes in contact with it.

Mr

TELEGRAMS.

BAR SILVER AND EXCHANGE.

At the weekly biddings for Council drafts upon India this afternoon tenders at 1s. 7 11-16d. received 30 per cent., all above that in full.

It is notified that the amount to be offered next week is 40 lakhs.

Bar Silver closed at 51¼d. per ounce, market weak.

Four per cent. Rupee paper, 82 ; Four-and-a-half ditto, 89⅝.

ROBERTS AND COOK IN CALCUTTA.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, JAN. 5.

Roberts and Cook's first match was played last night before a crowded house, and resulted in a magnificent game. Roberts won by six points, making breaks of 374 and 145, the latter break being left unfinished. Cook's breaks were 125, 137, and 123.

[REUTER'S TELEGRAMS.]

(By Red Sea Cable.)

WRECK OF THE SHIP BRAHMIN.

LONDON, JAN. 4.

The ship Brahmin (Captain Barr), outward bound from Glasgow to Bombay, has been wrecked.

THE LORD WARDEN SCARE.

LONDON, JAN. 5.

The rumour current yesterday, that a torpedo had been found under the bows of H. M. S. Lord Warden, has been officially denied.

THE BOERS' REBELLION.

Latest advices from the Cape state that the Boers have now entered the province of Natal, and are determined to oppose the advance of the British forces, now moving on the Transvaal.

The British Government has asked permission of the Portuguese Government for British troops marching into the Transvaal to pass through Lorenzo Marques, situated in Delagoa Bay.

INCENDIARY FIRES AT LIVERPOOL.

Numerous fires by petroleum have taken place in the Docks at Liverpool, and are believed to be the work of incendiaries.

THE RUSSIAN LOSSES AT GEOK TEPE.

It is reported that in the late severe engagement at Geok Tepe between the Russians and Tekke Turcomans the Russian troops sustained a loss of three thousand men in killed and wounded before they withdrew from the field of action.

THE PERSONNEL OF THE NAVY.

The *Standard* publishes a paragraph stating that a reduction in the personnel of the British fleet has been decided upon by the authorities.

PUBLIC WORKS IN INDIA.

In a speech made by Mr. Fawcett at Manchester yesterday he advocated the carrying out of public works in India solely from the surplus created by a policy of economy and a reduction in military expenditure. The prosperity both of England and India, he said, would be greatly increased if the public works could be carried out more by private than Government agency.

OBITUARY.

Departures—Zulu, Sahara, Mary Talham, and St. Gothard.

STEAMER REPORT.

GALLE, JAN. 5, 6-45 A.M.

Mail-steamer Zambesi, from Bombay, arrived.

SIR FRANK SOUTER has deemed it necessary, pending enquiries now being made, to suspend the European police inspector, Mr. Meehan, and the police havildar at Parell, who were chiefly instrumental in taking up eight Parsee gentlemen at a club-house at Parell about a fortnight ago on a charge of gambling with dice and money.

WE have received the first number of a new magazine of general literature published in Bombay and edited by Miss R. Bates. The title of the publication is "The Orient," and it is intended to be issued monthly. The first number is well printed, and contains an amount of interesting reading matter in the shape of short tales, two of which, "Stranger than Fiction" and "Joe Barnes: a New Year's tale," are from the pen of their lady editor. There are pages also devoted to reviews of books, fashions, and "Odds and Ends." We wish the "Orient" every success.

THE latest official report on the state of the seasons and prospects of the crops throughout India for the week ended the 28th December sums up the situation in the following "general remarks":—Slight rain fell during the week in the Madras presidency and Mysore and Coorg, but, with the exception of a few showers, there was none elsewhere. In parts of the North-Western Provinces and Oudh, the Central India States, and the Deccan a further fall is needed. The winter harvest is progressing satisfactorily, and general prospects continue favourable.

H. M.'s 77TH REGIMENT has arrived in Burmah from Madras to relieve the 89th, which has had a long spell of service in Burmah, having been about two years at the frontier and three in Rangoon. The 89th takes the place of the 83rd at Belgaum.

O Diario de Noticias states that the intended travels of the Royal Prince of Portugal will include a visit to Goa, as one of the principal colonies of the Portuguese Crown. The naval division will be commanded by Vice-Admiral Baptista de Andrade.

THE British India S. N. Co.'s steamers have been exempted from the payment of a tonnage-fee at the port of Goa, in consideration of the contract for the conveyance of mails existing between the company and the Portuguese Government.

ACCORDING to the latest information, the *Englishman* believes there is every probability of the cold weather passing over without a Naga rising ; "but we would again draw the attention of the authorities to the isolated position of the Kohima garrison, and express the hope that some energetic measures may be taken to put the transport arrangements in a state of efficiency."

THE Manchester crusade against the mill-owning interests of Bombay has driven to desperation the exponents of native opinion here. The vernacular journals are tired of the fight, for they find they have begged, entreated, remonstrated in vain. The *Bombay Samachar* urges that the mill-industry deprived native weavers and spinners of all chances of livelihood, but provided them with employment. If the Manchester demand were to be satisfied, the local mills would have to get rid of most of their employés, and deprive them of the last chance they have had of earning a bare livelihood. Though the Manchester men's demand has neither reason nor justice on its side, their influence nevertheless may not unlikely prevail in the end, think the public writers. It is, therefore, for the local Governments to direct all legislation on mill matters in such a manner as to undo the pernicious effects of Manchester selfishness.

THE gauge of the Rajputana line is the subject of bitter diatribes in the columns of the vernacular journals. They condemn it as rendering the line almost useless for the high commercial purpose for which it was designed, and call the policy which persisted in narrowing the usefulness of the most important commercial highway of India, in the face of all reason, as narrow as the gauge. The papers rejoice that Sir John Strachey's departure relieves India of a connection that has been both unpleasant and unfortunate.

THE famous Yandoon order, or proclamation, stopping the sale of glutinous rice, vermicelli, pickled fish, &c., on account of there having been some cases of cholera, has been rescinded by the Chief Commissioner of Burmah, and the author of it told to confine himself to his legitimate duties, of which interference with the food of a whole people is certainly not one.

ONLY seventeen people attended a meeting held in Rangoon to take part in promoting the Patriotic Fund. But, a contemporary's correspondent says, the small attendance at the meeting must not be taken as a criterion that a want of interest was felt in the subject. The people of Rangoon are not given to attendance at any meeting, and when the place is arranged, as this was, about three miles out of town, at Government House, it is not surprising that so few were found to travel so far. But they will subscribe well for all that ; and, after all, subscriptions are more wanted than fine speeches.

THE 14th Hussars, now stationed at Bangalore, are anxious to go to the Cape, and the *Madras Mail* thinks their desire is likely to be gratified. "We were under the impression (the *Mail* writes) that the 15th Hussars are on the point of embarking for England. Their 'volunteering' has been completed, and the regiment has been reduced in consequence far below its proper complement. When we add to this that the 15th have sent home, since 1879, a large number of invalids and time-expired men, whose places have not been filled, we fail to see how they can be considered fit to send to the Transvaal. Their horses have been handed over to the K. D. Gs., so they would have to go dismounted. Of what use would they be for immediate work were they to land in that condition ? The 10th Hussars—next for England, and possessing the interest of their Colonel, the Prince of Wales—might be sent, but they are much reduced in numbers, owing to their service in Afghanistan. We fancy that the regiment to go will turn out to be the 14th Hussars from Bangalore, Colonel Arbuthnot is now in London (on sixty-days' privilege leave), and is believed to be working the oracle. Madras can spare the regiment, and it is at full strength. Embarking from Beypore, the 14th could reach the scene of the disturbance faster than any other British regiment in India. Besides, the disappointment the regiment had in 1878, when put in orders for Afghanistan, and then told to stand fast, must be remembered."

THE revision of the rules for the promotion and relative rank and allowances of the Indian Medical Service, so long looked for and so much needed, now that Her Most Gracious Majesty's warrant has been made known, the *Indian Daily News* thinks must prove a very disappointing paper to the neglected members of the army medical profession. "There is no more trying or exposed duty in the field than that the army surgeon fulfils. There is certainly none which should arouse all those kindly feelings of humanity which prompt to the recognition of bravery, unselfish deeds, and hardships endured uncomplainingly. There might be many an act of heroism recorded of surgeons on the field of battle succouring the wounded with the same quiet, unpretentious skill that they would display within the walls of a well-regulated hospital. Their brave deeds are not called for to strengthen the fighting forces on the path to victory, and when the struggle is over for the soldier the work for the army surgeon is only enhanced. We wish we could add that, when the rewards for the soldier are distributed, the army surgeon is called to stand side by side, and to share the honours and distinction with the recipients, as he shares all the dangers and privations in the field."

WHAT is not unlikely to turn out a useful exploration is about to be undertaken in Upper Burmah. The *Pioneer's* Rangoon correspondent writes :—I am glad to hear that one of the results of the protracted stay of a gentleman connected with the Bombay-Burmah Trading Corporation in Mandalay is likely to be the exploration of the Chindwin river in a steam-launch. The Burmese Government have given their sanction to the trip, but as it is said their authority does not extend very far inland from the course of the river, it will not be altogether a trip without danger. The Chindwin river flows into the Irrawaddy near Myinjan, and from the large body of water discharged it is thought it must be navigable for a long distance from its mouth. Unfortunately the wild Kachins, who live about these parts, have a bad name for cunning and cruelty. Revenue is collected from them by the Burmese with great difficulty, and reprisals are not unknown. If they take it into their head to annex the exploring launch when she anchors, as she must do to get fuel, it will not be easy to get out of the difficulty. But with the danger and difficulty attending the expedition, there is done, of course be the honour and glory of being successful pioneers of trade and civilisation ; and with the example of Stanley in Africa, the first navigator of the Chindwin will doubtless be able, by a happy combination of the *suaviter in modo* with the *fortiter in re*, to set at rest for ever the question of the navigability or otherwise of this important river. It is to be hoped a surveyor will accompany the launch, so as to be able to map the route of the steamer.

THE first-fruits of the census have been offered, says the *Pioneer*, on the statistical altar by the territory of Rampore, in which the preliminary enumeration has already been completed, and the numbers added up. The first census ever taken in this territory was in 1872, when the population amounted to 507,000. It is now returned roughly as 537,000, being an increase of 30,000 people, or 6 per cent., which gives an annual rate of increase of a little over ·5 per cent. This, the *Pioneer* says, with little fear of error, at which the population of the N. W. P. was found to have increased between the census of 1865 and that of 1872. The enumeration in Rampore in 1872 was, however, rather imperfectly carried out, and it is impossible at present to say how much of the increase of 30,000 is due to improvement in the method of counting and how much to the actual growth of the population. On the present occasion the preparations are believed to have been very efficient. Several of the native States are exerting themselves vigorously in respect of the census, and pride themselves in showing that they can carry out an administrative measure of this kind as effectively as the British provinces ; and there is reason to believe that such States as Rampore, Baroda, and Hyderabad will not be far behind the best-governed districts under British rule. The final census will be taken in Rampore, as in all British India, on the night of the 17th February ; and the interval till that date will be employed by the officials of the State in testing and perfecting the enumeration which has already been made.

THE (London) *Statesman* was stopped at the London Post Office and detained for some "unwitting" infringement of postal regulations.

READERS of Mr. H. M. Stanley's last work will remember his glowing account of Mtesa, King of Uganda, on the north shore of Victoria Nyanza. So eager, according to Mr. Stanley, was this much calumniated potentate to be taught that no time was lost by the Church Missionary Society in sending out a body of able missionaries to endue Mtesa and his people with the white man's religion, and thus establish a powerful Christian kingdom in Central Africa. All went well for a time (according to the missionaries' accounts) ; but by-and-by a body of Roman missionaries arrived, who (according to their own account) convinced King Mtesa that the English teachers had been telling him the wrong story altogether ; and the open-minded potentate let his countenance shine upon the clever priests, and told the Englishmen to be off. The latest missionary news from Uganda is that on the "eve of Pentecost" several adult catechumens received baptism, and the King still continued his protection of the Catholic missionaries. But quite another story comes from a source which, the *Pall Mall Gazette* suggests, common-sense people will probably credit more than the tales of either Protestants or Catholics. Dr. Emin Bey, the able German Governor of the Egyptian equatorial province on which Uganda borders, writes home that though he has the greatest respect for Mr. Stanley, so much of what he wrote was so imaginative ("so viel falsches") that he thinks it right to state the actual condition of things. All Stanley's white-washing of the bloodthirsty potentate Dr. Emin Bey characterizes as "humbug." At a meeting of the King and chiefs on December 23, 1879, it was unanimously resolved to forbid the teaching of both English and French missionaries, and punish all converts with death ; that neither the white man's religion nor Mahommedanism was suitable for them ; and that they should return to the beliefs and customs of their forefathers. Accounts up to June 1 of this year show that this decision has not been altered, and that the missionaries (of both creeds) believe Uganda must be abandoned. The King is as brutal as ever, and sacrificed over 200 poor people over his ancestors' graves. Dr. Emin Bey says he likes Mtesa notwithstanding his cruelty and hypocrisy, and he has a special friend in Katikso, the King's Minister, and "the only gentleman in Uganda." Evidently Mr. Stanley has a good deal to answer for in the next book he publishes.

MR. LABOUCHERE has but cold comfort for those who believe in a coalition between Whigs and Conservatives : "In the House of Commons there are not more than thirty territorial Whigs whose defection may be counted on under certain circumstances. Whilst, therefore, the Whig element is strong in the Cabinet, it is powerless in the House of Commons. So long as Mr. Gladstone relies upon the Radical wave which returned to Parliament the present majority there is little to fear from either Conservative or Whig manœuvres. Mr. Gladstone's own popularity is so great in the country that a Liberal aiding and abetting in any motion which might tend to shake the position of the Prime Minister would forfeit the confidence of his constituents. What the Conservatives have not yet realised is, that the provinces have always been more Liberal than London West-end clubs, London society, and the men from whom Cabinet ministers are chosen. At present the provinces are determined to have effect given to their views, and in a great measure the Radical uprising is a rebellion of the provinces against London coteries. This feeling was rife for expression in the counties at the last general election, but owing to absence of organisation it did not produce any great result at the polls. The county constituencies still remain represented by men whose local influence is derived from their being the connecting link between the provinces and the metropolitan coteries. With a reduction of the county franchise, and with a measure to take all county administration out of the hands of individuals, and to place it in those of a county board, freely elected, Conservatism, in its party sense, will be swept away. I am not discussing whether this ought to be. I merely assert that such will be the case. The masses are essentially Radical. The House of Commons is more Radical than the Cabinet, and the country is more Radical than the House of Commons. There is always a tendency in members of the House of Commons to make common cause with the ruling clique, and it is owing to this, and to the superior internal organisation of the Whigs, that the latter have always managed to exercise so enormous an influence on actual legislation. This is the first Liberal Cabinet in which they have had to divide the direction of affairs with the Radicals, and in which, although outnumbering the latter, they are unable to exercise a paramount influence, owing to the pressure put on those representing Liberal constituencies by their electors. In all future Liberal Cabinets, the machine—to use an Americanism—will be run by the Radicals, and if the Whigs want places in it, they must accept the position of passengers." But, then, Labby is himself a Radical, and the wish may be father to this thought.

BOMBAY.

TO-DAY.

Band, B. V. R., at the Apollo Bunder, this evening.

Diving Service, on board, the ship Dominion, 7-30 p. m.

Gaiety Theatre, Pantomime, "Blue Beard," 9 p. m.

VESSELS ARRIVED.—The following vessels arrived on the 4th instant :—Calcutta (s), from Kurrachee ; Gunga (s), Jeddah ; Emile de Gerardin, Mauritius. Yesterday :—Penjam (s), from Delagoa Bay.

VESSELS SAILED.—The following vessels sailed yesterday :—I. G. S. Dalhousie, to Kurrachee ; Assyria (s), Marseilles ; Oonah to Cutch ; Wistow Hall (s), Liverpool ; Vorwaerts (s), Trieste.

MUSIC AT THE APOLLO BUNDER.—The following programme of music will be played by the band of the Bombay Volunteer Rifles at the Apollo Bunder this evening :—

March	On popular Songs	Kappey.
Overture	Rosamunde	Franz Schubert.
Duet	Oberto Conte de S. Bonifacio	Verdi.
Waltz	Wiener Kinder	Strauss.
Quadrille	New Melodien	Strauss.
Galop	Jager's Lust	Riede.

GOD SAVE THE QUEEN.

PRINCE'S DOCK.—The s. s. Clan Fraser left the dock yesterday.

GOA.—A new bazaar which has been built in Pangim at the expense of the Municipality was opened on the 1st instant.

A VAGRANT.—Peter McGuire, a European, was yesterday declared a vagrant by Mr. P. Ryan, and was ordered to be sent to the Government Workhouse.

EVADING THE GANJA LICENCE.—Balloo Bhima was yesterday fined Rs. 5 by Mr. M. G. Ranade for selling ganja without a licence from the Collector of Bombay.

THE VEHAR LAKE.—The height of water in the Vehar Lake for the week ending Saturday, 1st instant, was 53 feet and 5 tenths. In the corresponding week of last year it was 54 feet.

THEFT.—Calloo Ittoo was yesterday convicted by Mr. M. G. Ranade of stealing three brass vessels, valued at Rs 2-8, belonging to Balla Rama. He was sentenced to one month's rigorous imprisonment.

CHOLERA AT POONA.—We regret to hear that cholera has made its appearance in the city of Poona since Sunday last. The epidemic is at present confined to Shunwar, Narrain, and Sadasew Peits.—*Poona Observer*, Jan. 5.

CHEATING.—Chuttoorbooj Soorchund was yesterday convicted by Mr. P. Ryan of cheating, and inducing Naya Passoo to deliver to him two bags of rice, valued at Rs. 24, on a false representation. He was sentenced to two months' rigorous imprisonment.

CHARITABLE DISPENSARY.—The total number of patients treated during the last month at Hakim Mahomad Bakar Unani's charitable dispenary, Chinchpoogly, was 1,454, out of whom 211 were new admissions. The prevailing diseases were fever, coughs, skin, chest, liver, and spleen complaints.

LOSS ON THE MADRAS RAILWAY.—Mr. Branson, barrister, while travelling from Madras to Arconum *en route* to Bombay, on the night of the 20th December, lost a courier-bag containing a gold watch, a cheque, ready cash to the amount of one hundred rupees, and three first-class return tickets from Madras to Bombay. The loss has been reported to the Madras police.

KHAN BAHADOOR ABDUL ALI.—In regard to a notice in a recent issue of the *Gazette of India* which cancels "so much of notification No. 801 P., dated 30th March, 1876, as confers the title of Khan Bahadoor as a personal distinction upon Abdul Ali," we are requested to state that it has no reference to the title conferred on Mr. Meer Abdul Ali, the chief detective of the Bombay police force.

ALLEGED THEFT AT SEA.—Captain Alderton, of the P. and O. Company's steamship Khiva, reported to the police on Tuesday last that at sea a native passenger named Hoosein Ally Mahomed Ally complained that his box had been broken open, and property, consisting of jewellery, &c., to the value of Rs. 300, was stolen from it. The ship was searched at the time, and on the vessel's arrival in the Prince's Dock another search was made, but no trace of the property could be found.

CHOWK HOTEL, MATHERAN.—The following additional names of visitors to this hotel have been registered :—Mr. and Mrs. Michell, Mr. E. Berkley Archer, Miss Stephens (London), Messrs. E. V. Jordan and G. M. Ryan, Captain W. E. Thomhson, Mrs. J. B. Bennett and the Misses Benneth (Melbourne), Captain and Mrs. R. C. Dixon, Messrs. T. Knaust, A. Favre (Locle), Emile Courvoisier (France), E. Charpe, James Balbe, D. Macropolo, J. P. Weber, S. L. Steffenauere, W. M. Ogg, W. Jeffreis, W. Cope, A. Birtner, W. L. Shattock, A. E. Meiffre, M. Fischer, Lieutenant E. Deadman, Messrs. E. Minors, A. C. H. Jones (Poona), J. Bickel, and Dr. W. Loudon (Berlin).

THE TARDEO ROAD.—A correspondent writes:—"Attention has been called through the medium of your and other columns, and recently by a memorial to the Municipal Commissioner, to the disgracefully filthy state of the gutter boun ing the whole length of the Tardeo Road to the east. This pit of dirt and filth, however, has, thanks to the Health Department, lain brimful of the most noxious slime ever since the rains. It is disgusting to the sight, It is a wonder that in spite of repeated warnings, the filth has been allowed to accumulate, though it is apparently poisonous. The negligence that allows such a hot-bed of malaria to exist on one of the most frequented of our highways is as disgusting as the odour of the gutter." We remember having more than once received complaints regarding the dirty state of the Tardeo Road leading to Breach Candy, and considering that thousands of mill employés have to frequent it, we would urge on the municipal authorities the desirability of seeing to its cleanliness.

WANT OF CARRIAGES ON THE SIND RAILWAY.—Complaints reach us of the want of carriage accommodation on our railway just now. During these holidays lots of passengers travel to and fro between Upper Sind and Kurrachee, and provision should be made for their comfortable accommodation. On the I. V. S. section we hear this is very bad, especially between Ruk and Shikarpur, numbers of second-class passengers being packed in third-class carriages, and third-class ones thrust into "cattle vans."—*Civil and Military Gazette.* (Sind Issue)

THE SIMLA VOLUNTEER PRIZES.—We learn that Sergeant Green, of the 3rd Punjab S. P. and D. R. Volunteer Corps (at present station master at Kurrachee) scored 53 points out of a possible 56 for the Simla Volunteer Prize. This is the highest score obtained up to date throughout India, and is highly creditable to the corps to which Sergeant Green belongs. The second best score is 52, which has been made by a relative of Sergeant Green's—Volunteer Dale, of the East India Railway Volunteer Corps, at Allahabad.—*Civil and Military Gazette* (Sind issue.)

DIVINE SERVICE.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

SERVICE will be held this (Thursday) evening at 7-30 on board the ship Dominion. The Bethel flag will be hoisted in the afternoon. Captains, officers, and seamen are earnestly invited to attend. A large launch, for any friends wishing to go from shore, will leave Apollo Bunder at 7 p.m. precisely.

INSOLVENT DEBTORS' COURT.—JAN. 5.

(Before Sir CHARLES SARGENT.)

RE MANOKLAL ASSOO.

Mr. Sergeant Atkinson, on behalf of Dhurumsey Assoo, a creditor, moved for the issue of notices to Ebrahim Tar Mahomed and another, directing them not to part with the property of the insolvent now in their possession. The insolvent, who was indebted to the applicant in Rs. 15,000, was discharged in September last, his schedule shewing that he had no assets whatever. Since the discharge, however, the applicant had discovered that property belonging to insolvent had been mortgaged by him with the two persons to whom notices were to be issued. It rests with the Official Assignee to determine hereafter what steps, if any, should be taken to recover the property. An order was made as applied for.

RE RAMJEE BHIKA KOOMARIA.

Mr. Budroodin applied to make absolute a rule *nisi* granted by Mr. Justice Bayley, calling upon the insolvent to shew cause why he should not deposit three books of accounts with the Official Assignee. The learned counsel said the insolvent did not appear to shew cause against the order, and there was no opposition to the rule being made absolute. The insolvent was, however, called, and on getting into the box he said he had no more books to deposit. His Lordship directed that the matter should stand over until Mr. Justice Bayley could hear it.

RE WASUDEO CRUSHNA SENOY.

Mr. B. M. Wagle, for the insolvent, applied for leave to serve notices and to amend the schedule, if necessary. The application was granted.

RE MEMON SULLEMAN LUTIFF.

Mr. Dhairyavan, on behalf of the insolvent, asked for an extension of the interim order granted to his client. The order was extended for three months.

RE OODOWJEE NATHOO AND ANOTHER.

Mr. Serjeant Atkinson, for the insolvent, applied for an enlargement of the interim order granted to his client some months ago. His Lordship said the insolvent did not appear to have done anything since getting the protection order, and there was no affidavit made to show why the order should be enlarged. The learned advocate said this was a very complicated matter, and that the examination of the accounts in the Official Assignee's office took much time. Mr. Turner, Official Assignee, confirmed this statement ; and his Lordship extended the order for four months.

PETITIONS DISMISSED.

The petitions of Lilladhur Ramjee, Balloo Mantajee, and Khoja Munjee Khemjee were dismissed for want of prosecution.

DISCHARGES.

The undermentioned insolvents were granted discharges :—George Michael Brady, a guard, Rs. 700. Ramdin Shewsha, Rs. 1,677. Sadanund Macoonjee, an English writer, Rs. 2,446. Mula Ibrahim Khan, unemployed, Rs. 479. Dewjee Megraj, a merchant, Rs. 7,124. Jivanjee Nowrojee Darowalla, Rs. 381. Gerasimano Dedouza, a clerk, Rs. 1,176. Manikjee Sadasvjee Mahatray, a carpenter, Rs. 3,001. Narbheshing Premsing Pardesee, a milk-seller, Rs. 1,412. Caramchund Madowjee, Rs. 1,217. Ambaram Dyaljee, a goldsmith, Rs. 2,000. Dhakjee Morraba Patel, Rs. 880. Francis Gomes, a fitter, G. I. P. Railway, Rs. 433. Kissonlal Amirdas and ten others, native fiddlers, Rs. 3,912. Charles Edward Evans, a sexton, Rs. 2,351. Manuel Lawrence, a carpenter, Rs. 1,045. Hajee Ayeh Habib, Rs. 749. Rana Dhoolajee Kadum, a muccadum, Rs. 574. David Sternscher, a dealer in Europe articles, Rs. 3,488.

BOMBAY TOWN COUNCIL.

AT the weekly meeting of the Council held on Tuesday last there were present—Dr. Blaney, chairman, Sir Frank Souter, Kt, C. S. I., Mr. C. Douglas, Dr. Cook, Messrs. Nowrojee Furdonjee, Muncherjee N. Banajee, Nanabhoy Byramjee Jeejeebhoy, Raghunath N. Khote, F. C. Gangjee, Rahimtoola M. Sayani, and the Hon'ble Rao Saheb V. N. Mandlik, C. S. I.

MISCELLANEOUS.

The seal of the Corporation was affixed to a deed of contract with Mohunlal Becherdas and Co. for the supply of road metal at Rs. 3-15 per brass, the Municipality furnishing the stone for the same free of charge from the Bhundarwada Reservoir Works. The Council agreed, on the request of the Commissioner, to recommend the Corporation to sanction the writing off from the assessment book of Rs. 6,780-11-9, being the amount of irrecoverable bills for the years 1875-76. Sanction was given to the payment, from the drainage loan, of Rs. 4,250, to meet the cost and landing charges on account of specimen privies, flushing apparatus, syphon pipes, gratings, &c., received from England for house connections, Dhanage Works.

THE SUPERINTENDENT OF MUNICIPAL WORKSHOPS.

The Chairman read the following letters from the Municipal Commissioner on the excess incurred by the Superintendent of Municipal Workshops :—

Municipal Commissioner's Office,
Bombay, 4th January, 1881.

To the Secretary, Town Council.

SIR,—With reference to the Town Council's resolutions of 27th July and 3rd August, 1880, I have the honour to forward further correspondence on the subject of the new milch-cattle stables at Cannmateepoora, including the Superintendent of Workshop's explanation of the excessive expenditure on that work. In order that there might be no doubt as to the exact amount of the excess, and as to the items on which the excess occurred, I caused the whole work carefully measured and re-measured by the Deputy Executive Engineer's Department and the Superintendent of Workshops conjointly, and the result is that after allowing the workshops every thing that the Superintendent could claim on account of the work done, there is an excess of Rs. 6,115 over the estimate. Briefly stated, the Superintendent's explanation is as follows :—That he was not aware of any excess until some time after it had been incurred. That the rates allowed were too low for the class of work ; that he was obliged to purchase his materials from the petty supplies contractor ; and that a profit of Rs. 2,300 which he anticipated on the pavement of the stables was lost in consequence of that portion of the work being done by the paving contractor. But the correspondence will show that all these statements are more or less incorrect. My only reason for allowing the work to be done by the workshops was that the Superintendent informed me that he was confident that it could be done better and cheaper by the workshops than by a contractor. The work was undertaken by Mr. Rowe at the rates entered in the estimate prepared by the Executive Engineer's department, and on the understanding that those rates, and the quantities, were not to be exceeded, and that the work, on completion, would be measured up by the Engineer's department. It is evident that the estimated rates were not too low, because several contractors have since tendered at the same or lower rates for a precisely similar class of work.

Mr. Rowe's statement with regard to the anticipated saving of Rs. 2,300 on the item of paving is clearly an afterthought, and brought forward at the last moment in the absence of any satisfactory explanation. The statement is manifestly incorrect, and Mr. Rowe must have known that it was incorrect when he made it.

The Town Council are aware that all materials, such as stone, timber, &c., required for departmental works are purchased from a contractor at the lowest rates obtainable, after publication of a notice in the newspapers inviting public tenders ; and when an estimate is prepared with a knowledge of those rates it would be absurd call it an estimate, if it provided for a profit of nearly 50 per cent. In the present instance the Deputy Executive Engineer has shown that the cost of the stone at the accepted rates, and the charges for labour, would leave absorbed the whole of the amount sanctioned for the pavement in the estimate with the exception of Rs. 200 or Rs. 300. It will be seen that the principal item in which there has been an excess is that of timber. The Superintendent endeavours to show that this excess was caused by unnecessary wastage in sawing and cutting, but it is perfectly clear that the estimated rate for timberwork included a fair percentage for wastage ; and therefore when the Superintendent claims a further sum of Rs. 2,300, in addition to the fixed rate for the timberwork, the cost of which did not exceed Rs. 6,500 for the whole building, wastage is another word for either carelessness or fraud on the part of some of the persons connected with the work. Deducting the cost of the paving, which was constructed by the paving contractor, the amount at the disposal of the Superintendent of Workshops for the construction of the stable was Rs. 11,951. According to the final measurements, and after allowing everything in the way of extra work claimed by the Superintendent, the actual cost of the building amounts to Rs. 12,115, whereas the cost of the buildings, as shown by the Superintendent of Workshop's accounts, amounts to Rs. 18,231, after allowing Rs. 1,288 for surplus timber and materials. It appears to me that this excess of Rs. 6, 115 is unaccountable. The exact dimensions of the stable are known, and were known before the work was commenced. The quantity of materials required for a building of certain dimensions can be ascertained exactly both before and after construction, and when the measurements have been carefully made and the estimated rates applied to them the actual cost of the building can be clearly ascertained. Under the circumstances I agree with the Deputy Executive Engineer that the supposed excess is probably attributable to the excess timber charged to the milch-cattle stable having been used for the first batch of cattle supplied to Government for the war in Afghanistan ; and I am confirmed in this opinion by the accompanying report, which I have just received, from the Controller of Municipal Accounts, and from which it appears that the supervision over the materials used in the workshops is so inefficient that it is almost impossible to ascertain the actual cost of any particular work done there. The Controller's report abovementioned will require a full explanation from the Superintendent of Workshops, and I have requested him a copy of it for that purpose. Taking all the circumstances of the case into consideration, and having been for some time past dissatisfied with Mr. Rowe's manner of conducting his duties, I am of opinion that it is necessary to take severe notice of the laxity which has been brought to light by the correspondence now under consideration. In 1879 the Town Council, on my recommendation, increased Mr. Rowe's salary by Rs. 150 per mensem, in order to mark their appreciation of his services. I would now recommend that that extra allowance be withheld, and that Mr. Rowe be informed that he will not be permitted to draw it again until he has shown himself to be deserving of it. The excess charges may be met from profits on the workshops, which amounts to about Rs. 30,000, as also the excess on the first milch-cattle stables, which amounts to Rs. 3,205.—I have, &c.,

J. H. GRANT,
Municipal Commissioner.

Municipal Commissioner's Office,
Bombay, 4th January, 1881.

To the Secretary, Town Council.

SIR,—With reference to the correspondence on the subject of the Panwell brickworks, ending with the Superintendent of Workshop's letter No. 1,136 of 17th August last, I have the honour to state that, in my opinion, Mr. Rowe is much to blame in having allowed the cost of the repairs to the machinery and of the manufacture of the bricks to exceed the amount sanctioned by upwards of Rs. 26,000 ; and the explanations which he has submitted are unsatisfactory. In my letter on the subject of the excess on the milch-cattle stables I have suggested that as a fitting punishment for his laxity in connection with the works entrusted to him, Mr. Rowe's extra monthly allowance of Rs. 150 should be withdrawn, and I believe I do not propose to go further action in the matter of the excess on the brickworks. Mr. Rowe will, of course, understand that if he wishes to remain in the service of the Municipality, it will be absolutely necessary for him to give greater attention to his duties than he has done recently. The excess charges on the brickworks can be met from workshops profits and from savings in the road department during the year 1880. I have, &c.,

J. H. GRANT,
Municipal Commissioner.

Mr. Nowrojee remarked that the resolution of the Council would serve as a lesson to other municipal officers.

Mr. Mandlik said this was a case in which he would give his decision without giving his reasons.

Mr. Nowrojee proceeded to remark that he thought the resolution would have a salutary effect at any rate.

Mr. Raghunath observed that, if not a correct accountant, Mr. Rowe was certainly an excellent mechanic, a first-rate hand for the work of the municipal workshops. Mr. Raghunath did not think there was any thing before the Council to lower Mr. Rowe in their estimation as a mechanic.

The Chairman explained that, under the Act, the Commissioner held in his hands the power of dealing with Mr. Rowe's case.

The Commissioner said that was so, but that as it was an important matter, involving a reduction in the budget estimates, he thought it necessary to bring it before the Council.

The Chairman said he understood the most important part of the Commissioner's recommendation was that Mr. Rowe should be warned for the future.

Sir Frank Souter said it struck him to be an objectionable course to interfere in a matter which was entirely in the power of the Municipal Commissioner to dispose of.

The Chairman explained that there were two parts of the resolution consistent with each other. There were certain excesses of expenditure incurred, and the Commissioner could not ask the Council to write them off without explaining the circumstances under which he made the recommendation and the course which he proposed to follow with a view to prevent similar excesses in the future.

After some further discussion,

It was proposed by the Hon'ble the Rao Saheb, and seconded by Mr. Raghunath N. Khote, that the recommendations of the Municipal Commissioner be adopted, and that Mr. Rowe's salary be reduced by Rs. 150 per mensem, with effect from the 1st instant. That the Commissioner be requested to inform Mr. Rowe that he will not be permitted to draw his present salary until he has shown himself to be deserving of increased pay. That the Corporation be requested to write off Rs. 35,820, being the excesses incurred by the Superintendent of Workshops over the sanctioned amounts for building the milch-cattle stables and manufacturing bricks at Panwell.

The resolution was agreed to.

BENGAL.

DEATH RETURNS.—From the mortuary return of the Health Officer for the week ending 18th December, it appears that the diseases most prevalent in Calcutta just now are remittent fever (46), dysentery (31), cholera (22), diarrhœa (20).

A CHRISTMAS BONFIRE.—Major Parry Nisbet treated the Simlaites, to a bonfire, 25 feet high and 4 feet in diameter on Christmas Eve. It was erected on the new Ridge, and made of torch lengths of pine-wood, on the summit of which was placed a barrel of tar. Nearly all the station, including the ladies, were present, wishing one another the compliments of the season around the glowing light of the conflagration. It was ignited at the base at 6 p.m., and continued burning steadily and well until past 7.—*Indian Daily News.*

SHARP REMINDER.—Archdeacon Mathew left Simla for England on three months privilege leave on the 27th December. A chaplain from one of the adjacent hill stations will, it is stated, officiate for him. The Archdeacon, who preached a most eloquent sermon to a crowded congregation on Christmas-day, commented rather roundly, before finishing his discourse, on the appearance in church of so many whom he had "hardly ever" seen on ordinary divine service occasions, many only being present because it happened to be Christmas-day.—*Id.*

MUNICIPAL TAXATION IN CALCUTTA.—We are glad to see that the Municipal Commissioners were again able to reduce taxation at the budget meeting on Friday last. The lighting rate remains at 2 per cent., and the police rate at 3½ ; but the water rate has been reduced from 3 to 3 per cent., and the house rate from 8 to 7½ per cent. The whole reduction, three-quarters per cent, is not excessive, but it is enough to be a sensible and grateful relief to the ratepayers. In these days of dull business and bad exchange, increased cost of living and taxation for being allowed to live at all, people are disposed to be thankful for small mercies and the Municipal authorities have, we think, earned our grateful acknowledgments for the New Year's gift they have made to the large body of tax-payers.—*Englishman.*

THE NEPAL MINISTER ON BOARD H. M. S. DRYAD.—This vessel left the port last Saturday for Madras, Pondicherry, and Trincomalee. After re-coaling at the latter port it is probable she may proceed to cruise between the Gulf of Oman and the Straits of Babel-Mandeb, on the look-out for slavers. On Thursday last, His Excellency Sir Runodeep Singh Bahadoor paid a visit to the ship, and was received with the honors due to his rank. His Excellency was shown round the ship by Captain Hext, and evinced

NOTICES.

CARWAR COMPANY, LIMITED,
IN LIQUIDATION.

SALE BY AUCTION OF THE COMPANY'S PROPERTY.

NOTICE is hereby given that the PROPERTY of the above Company will be PUT UP for SALE by PUBLIC AUCTION in four lots on WEDNESDAY, the 12th day of January, at 3 o'clock p. m., at the premises of Messrs. BENNETT and Co., the Auctioneers.

The first lot will consist of the Company's title to and interest in the following property, situate at Hooblee, in the Southern Mahratta Country, viz.—

Press-house, 127 by 59. 2 Nasmyth's 3 steel cylinder cotton presses. One pair of Nasmyth's steam engines, 18" stroke, and boiler, complete. Area of compound, 5 acres 22 goontas, freehold; municipal tax, Rs. 5 per annum.

1 Large tiled brick-built godown, will hold 5,000 dooras cotton.

Agent's Bungalow, with excellent well in compound; outhouses and compound, 1 acre 12 goontas; Government assessment, Rs. 0-12-9; and municipal tax, Rs. 5 per mensem.

Engineer's Bungalow and outhouses, with well-built well in compound, buildings for workpeople, in 8 acres leased in perpetuity at Rs. 8 per annum rental and Rs. 3 municipal tax, viz.—

1 Gin-house, brick-built and tiled-roof, with 11 saw-gins of 40 saws each, with H. P. engine by Clayton and Shuttleworth and shafting, complete.

1 Godown adjoining gin-house, brick-built and tiled-roof, will contain 500 dooras of cotton.

1 Long cattle-shed, brick-built and tiled-roof, will accommodate 100 bullocks.

Office, brick-built and tiled-roof, with 3 rooms.

Range of brick-built and tiled-roof workshops, comprising blacksmith's shop, fitting shop with 15 bed, 15 centre self-acting and screw-cutting lathe with 21 change wheels, one self-acting drilling machine with 11 drills, and other tools.

Hoop iron for about 2,500 bales.
Firewood .. .. 2,500 bales.
And many other stores requisite for cotton-pressing and ginning.

Sundry small pieces of land near press compound in lease.

Small piece of land at Nargoond, in the S.M. country, with small ginning-shed erected thereon.

The second lot will consist of the Company's title to and interest in the following property, situate at Gudduck, in the aforesaid district, viz.—

Piece of freehold land measuring 2 acres 23 goontas; municipal tax, Rs. 5 per annum.

Press-house, 75 by 40, brick-built and corrugated iron roof.

1 Hodgart's steam hydraulic lever cotton press, with engine and boiler. This is believed to be the most powerful cotton press in India, and is comparatively new.

Gin-house, brick-built and corrugated iron roof, with 20 saw gins of 40 saws each, with engine, boiler, and shafting complete. The gin-house will store 3,000 dooras.

Range of buildings, with office, blacksmith's-shop and store-room, brick-built and roofed with corrugated iron.

Piece of land, freehold, measuring 21 goontas, municipal tax Rs. 5 per annum, with mud godown, which will hold 1,500 dooras. Deep well with permanent supply of water in press compound.

Hoop iron for 3,500 bales, firewood for 20,000 bales, and other stores for pressing and ginning cotton.

The third lot will consist of the Company's title to and interest in the following property, situate at Carwar and at Mullapoor, in the district of Carwar, and all the other property of the said Company below the Ghats, viz.—

Land at Carwar—

At Allipuddy about 20 acres and 31 goontas on permanent lease for Rs. 167 per annum. Press-house 110' by 60' with 4 Nasmyth's 2 cylinder presses, 2 pairs of 90 H. P. engines, 1 engine of 15 H. P., and 1 engine of 5 H.P. with 3 boilers.

Iron shed for cotton storage 100 by 90' can store 8,000 dooras.

Godown at Office 130' by 25' can store 2,000 dooras.

Fitter's shop 56' by 25'.

Blacksmiths shop 30 by 21

Carpenter's shop, 76 by 28'.

Mechanic's bungalow 67 by 27.

At Konay—Originally 11 acres, but a portion has since been leased to Government in a permanent lease of Rs. 239 per annum.

Press House, 150' by 21', will contain 9,000 dooras; 2 Brunton's cotton presses.

Konay office building, two-storied, 101' by 44' stable 150' by 16'.

Hill bungalow compound about 2 acres, freehold; annual assessment, Rs. 11-5-5. Bungalow 130' by 65' with servants' outhouses.

At Mullapoor—One acre, permanent lease; rent Rs. 20; bungalow 69' by 40'.

At Kodibag—2 acres and 8 goontas; annual assessment, Rs. 2-10-6.

At Carwar.—Two wooden cargo boats of about 150 candies carrying capacity and two rowing gigs.

At Bombay.—Two wooden cargo boats of about 140 candies carrying capacity.

The fourth lot will consist of the book-debts and outstandings due to the company and their right and interest in any contracts which may be unfulfilled at the time of sale.

Further information can be had on application to the undersigned, or to Mr. GEORGE ROBERTSON at Hooblee.

Particulars and conditions of sale to be obtained on and after the 31st December, 1880, on application to Messrs. Smith and Frere, Solicitors, or to

W. M. MACAULAY,
S. L. MACNAGHTEN,
Liquidators.

PHOSPHO,

A NON-ALCOHOLIC SPARKLING RESTORER,
OR
GOOD TEMPLARS' CHAMPAGNE.

OUTWARD BOUND PASSENGERS should provide themselves with a basket of "PHOSPHO," as it allays the nausea preceding sea-sickness, and conduces to render a sea-voyage agreeable and of real benefit to an invalid.

SPORTSMEN will find "PHOSPHO" a most invigorating and sustaining drink for the field or jungle, bracing them up to bear an extraordinary amount of physical exertion with scarcely any subsequent fatigue. No Shikarree should go forth without a supply.

EXCURSIONISTS AND PICNIC PARTIES cannot be considered complete without a basket of "PHOSPHO," as it exhilarates the spirits and produces an amount of cheerfulness and conviviality required to make an excursion the really enjoyable thing intended.

☞ SOLD IN BASKETS CONTAINING THREE DOZEN CHAMPAGNE PINTS, Rs. 10; OR SIX DOZEN, Rs. 20.

BADHAM, PILE & CO.,

BOMBAY AND SECUNDERABAD.

DUNNETT AND CO.,

BOOTMAKERS AND SADDLERS,

HAVE just RECEIVED a LARGE SUPPLY of the best ENGLISH and FRENCH LEATHER of SORTS, bought in the best markets by our Mr. DUNNETT, who has had a practical experience of over 16 years in the trade.

Also a ready-made stock of BOOTS and SHOES, SADDLERY, etc.

As we profess to be Bootmakers and Saddlers only, we are able to devote the requisite attention to each department that is necessary to place us in a position to defy comparison in the Presidency as to style, quality, fit, and durability.

Constituents favouring us with any orders may rely on having prompt execution, combined with excellent workmanship, both departments being under the practical supervision of English Foremen.

Our celebrated Field or Elcho Boots are now well-known not only in the Presidency but throughout India, owing to the great number having been used in Afghanistan and the Frontier; mentioned and recommended by the special correspondent to the *Times of India* from Kandahar, who says: "The boot known as the 'Field' Boot is also excellent. DUNNETT, of Bombay, makes them well." They are most suitable for Riding, Hunting, Shooting, or District wear.

PRICE-LIST—GENTLEMEN'S BOOTS AND SHOES:

Patent, Enamelled, or Calf, Military Regulation-mounted Boots	Rs.	30	to 35
Dress Wellingtons, guaranteed to fit with spur-boxes...	„	30	to 35

SETTLEMENT OF SINGAPORE.

IN the MATTER of ESUFFALLI HASSAN ALLI BASHRAI and MOOLLA ESMAILJEE SHAIK ALLIBHOY, carrying on business in co-partnership as Traders, at No. 103, Beach Road, Singapore, Bankrupts.

GEORGE EDWARD EVANS, of Singapore, Official Assignee, has been appointed TRUSTEE of the property of the bankrupts. The Court has appointed the PUBLIC EXAMINATION of the bankrupts to take place at Singapore, on the 17th day of January, 881, at 11 o'clock in the forenoon.

ALL PERSONS having in their POSSESSION any of the EFFECTS of the bankrupts must DELIVER them to the Trustee, and all DEBTS due to the bankrupts must be PAID to the Trustee.

Creditors who have not yet proved their debts must forward their proofs of debts to the Trustee.—Dated this 15th day of November, 1880.

J. C. MITCHELL, Deputy Registrar.

F. MURAGLIA & CO.,

GENERAL AGENTS and CONTRACTORS, Importers of Marble, Granite, Cement, Tiles, Tarra Cotta and other material for the Construction and Decoration of Buildings. Fountains, Flower Vases, Statues, edges, &c., for Gardens.

Special Designs, Illustrated Catalogues, Estimates and Rates supplied for the Construction and Decoration of Buildings and any other Architectural Work. Statues and Monuments of any kind.

Always on hand a large stock of Marble Works and Marble in Blocks and Slabs of several dimensions.

8, APOLLO BUNDER,
BOMBAY.

ROWLANDS' MACASSAR OIL has been known for the last 80 years as the best and safest preserver and beautifier of the hair; it contains no lead or mineral ingredients, and is especially adapted for the hair of children; sold in usual four sizes.

ROWLANDS' ODONTO is the purest and most fragrant dentifrice ever made; it whitens the teeth, prevents decay, and gives a pleasing fragrance to the breath, and the fact of its containing no acid or mineral ingredients specially adapts it for the teeth of children.

ROWLANDS' KALYDOR produces a beautifully pure and healthy complexion, eradicates freckles, tan, prickly heat, sunburn, &c., and is most cooling and refreshing to the face, hands, and arms, during hot weather. Ask any Perfumery Dealer for

ROWLANDS' articles, of 20, Hatton Garden London; and avoid spurious worthless imitations.

It is notified that the amount to be offered next week is 40 lakhs.

Bar Silver closed at 51¼d. per ounce, market weak.

Four per cent. Rupee paper, 82; Four-and-a-half ditto, 89¾.

ROBERTS AND COOK IN CALCUTTA.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, JAN. 5.

Roberts and Cook's first match was played last night before a crowded house, and resulted in a magnificent game. Roberts won by six points, making breaks of 374 and 145, the latter break being left unfinished. Cook's breaks were 125, 137, and 123.

(By Red Sea Cable.)

WRECK OF THE SHIP BRAHMIN.

LONDON, JAN. 4.

The ship Brahmin (Captain Barr), outward bound from Glasgow to Bombay, has been wrecked.

THE LORD WARDEN SCARE.

LONDON, JAN. 5.

The rumour current yesterday, that a torpedo had been found under the bows of H. M. S. Lord Warden, has been officially denied.

THE BOERS' REBELLION.

Latest advices from the Cape state that the Boers have now entered the province of Natal, and are determined to oppose the advance of the British forces, now moving on the Transvaal.

The British Government has asked permission of the Portuguese Government for British troops marching into the Transvaal to pass through Lorenzo Marques, situated in Delagoa Bay.

INCENDIARY FIRES AT LIVERPOOL.

Numerous fires by petroleum have taken place in the Docks at Liverpool, and are believed to be the work of incendiaries.

THE RUSSIAN LOSSES AT GEOK TEPE.

It is reported that in the late severe engagement at Geok Tepe between the Russians and Tekke Turcomans the Russian troops sustained a loss of three thousand men in killed and wounded before they withdrew from the field of action.

THE PERSONNEL OF THE NAVY.

The *Standard* publishes a paragraph stating that a reduction in the personnel of the British fleet has been decided upon by the authorities.

PUBLIC WORKS IN INDIA.

In a speech made by Mr. Fawcett at Manchester yesterday he advocated the carrying out of public works in India solely from the surplus created by a policy of economy and a reduction in military expenditure. The prosperity both of England and India, he said, would be greatly increased if the public works could be carried out more by private than Government agency.

OBITUARY.

Colonel Rothney.

THE INCOMING MAIL.

ADEN, JAN. 5.

The P. and O. S. N. Company's s. s. Peshawur, with the outward English mails of the 24th ultimo, left here for Bombay at 6 p.m. yesterday.

STEAMER MOVEMENT.

LIVERPOOL, JAN. 4.

The Anchor Line steamer Hispania arrived here from Bombay on the evening of the 3rd instant.

LONDON, JAN. 4.

The Liverpool Cotton market closed firm. Surats steady.

The London Cotton market has been firm.	
Fair Dholleras	5-16.
The Manchester market has been strong in tone, but higher prices asked seriously check business.

Arrival—Tenedos.

Departures—Zulu, Sahara, Mary Talham, and St. Gothard.

STEAMER REPORT.

GALLE, JAN. 5, 6-45 A.M.

Mail-steamer Zambesi, from Bombay, arrived.

SIR FRANK SOUTER has deemed it necessary, pending enquiries now being made, to suspend the European police inspector, Mr. Meehan, and the police havildar at Parell, who were chiefly instrumental in taking up eight Parsee gentlemen at a club-house at Parell about a fortnight ago on a charge of gambling with dice and money.

WE have received the first number of a new magazine of general literature published in Bombay and edited by Miss R. Bates. The title of the publication is "The Orient," and it is intended to be issued monthly. The first number is well printed, and contains an amount of interesting reading matter in the shape of short tales, two of which,—"Stranger than Fiction" and "Joe Berners: a New Year's tale,"—are from the pen of the lady editor. There are pages also devoted to reviews of books, fashions, and "Odds and Ends." We wish the "Orient" every success.

THE latest official report on the state of the seasons and prospects of the crops throughout India for the week ended the 28th December sums up the situation in the following "general remarks":—Slight rain fell during the week in the Madras presidency and Mysore and Coorg, but, with the exception of a few showers, there was none elsewhere. In parts of the North-Western Provinces and Oudh, the Central India States, and the Deccan a further fall is needed. The winter harvest is progressing satisfactorily, and general prospects continue favourable.

H. M.'s 77TH REGIMENT has arrived in Burmah from Madras to relieve the 80th, which has had a long spell of service in Burmah, having been about two years at the frontier and three in Rangoon. The 80th takes the place of the 83rd at Belgaum.

O Diario de Noticias states that the intended travels of the Royal Prince of Portugal will include a visit to Goa, as one of the principal colonies of the Portuguese Crown. The naval division will be commanded by Vice-Admiral Baptista de Andrade.

THE British India S. N. Co.'s steamers have been exempted from the payment of a tonnage-fee at the port of Goa, in consideration of the contract for the conveyance of mails existing between the company and the Portuguese Government.

ACCORDING to the latest information, the *Englishman* believes there is every probability of the cold weather passing over without a Naga rising; "but we would again draw the attention of the authorities to the isolated position of the Kohima garrison, and express the hope that some energetic measures may be taken to put the transport arrangements in a state of efficiency."

THE Manchester crusade against the mill-owning interests of Bombay has driven to desperation the exponents of native opinion here. The vernacular journals are tired of the fight, for they they have begged, entreated, remonstrated in vain. The *Bombay Samachar* urges that the mill-industry deprived native weavers and spinners of all chances of livelihood, but provided them with employment. If the Manchester demand were to be satisfied, the local mills would have to get rid of most of their employés, and deprive them of the last chance they have had of earning a bare livelihood. Though the Manchester men's demand has neither reason nor justice on its side, their influence nevertheless may not unlikely prevail in the end, think the public writers. It is, therefore, for the local Governments to direct all legislation on mill matters in such a manner as to undo the pernicious effects of Manchester selfishness.

THE gauge of the Rajputana line is the subject of bitter diatribes in the columns of the vernacular journals. They condemn it as rendering the line almost useless for the high commercial purpose for which it was designed, and call the policy which persisted in narrowing the usefulness of the most important commercial highway of India, in the face of all reason, as narrow as the gauge. The papers rejoice that Sir John Strachey's departure relieves India of a connection that has been both unpleasant and unfortunate.

THE famous Yamdoon order, or proclamation, stopping the sale of glutinous rice, vermicelli, pickled fish, &c., on account of there having been some cases of cholera, has been rescinded by the Chief Commissioner of Burmah, and the author of it told to confine himself to his legitimate duties, of which interference with the food of a whole people is certainly not one.

ONLY seventeen people attended a meeting held in Rangoon to take part in promoting the Patriotic Fund. But, a contemporary's correspondent says, the small attendance at the meeting must not be taken as a criterion that a want of interest was felt in the subject. The people of Rangoon are not given to attendance at any meeting, and when the place is arranged, as this was, about three miles out of town, at Government House, it is not surprising that so few were found to travel so far. But they will subscribe well for all that; and, after all, subscriptions are more wanted than fine speeches.

THE 14th Hussars, now stationed at Bangalore, are anxious to go to the Cape, and the *Madras Mail* thinks their desire is likely to be gratified. "We were under the impression (the *Mail* writes) that the 15th Hussars are on the point of embarking for England. Their 'volunteering' has been completed, and the regiment has been reduced in consequence far below its proper complement. When we add to this that the 15th have sent home, since 1879, a large number of invalids and time-expired men, whose places have not been filled, we fail to see how they can be considered fit to send to the Transvaal. Their horses have been handed over to the K. D. Gs., so they would have to go dismounted. Of what use would they be for immediate work were they to land in that condition? The 10th Hussars—next for England, and possessing the interest of their Colonel, the Prince of Wales—might be sent, but they are much reduced in numbers, owing to their service in Afghanistan. We fancy that the regiment to go will turn out to be the 14th Hussars from Bangalore. Colonel Arbuthnot is now in London (on sixty-days' privilege leave), and is believed to be working the oracle. Madras can spare the regiment, and it is at full strength. Embarking from Bombay, the 14th could reach the scene of the disturbance faster than any other British regiment in India. Besides, the disappointment the regiment had in 1878, when put in orders for Afghanistan, and then told to stand fast, must be remembered."

THE revision of the rules for the promotion and relative rank and allowances of the Indian Medical Service, so long looked for and so much needed, now that Her Most Gracious Majesty's warrant has been made known, the *Indian Daily News* thinks must prove a very disappointing paper to the neglected members of the army medical profession. "There is no more trying or exposed duty in the field than that the army surgeon fulfils. There is certainly none which should arouse all those kindly feelings of humanity which prompt to the recognition of bravery, unselfish deeds, and hardships endured uncomplainingly. There might be many an act of heroism recorded of surgeons on the field of battle succouring the wounded with the same quiet, unpretentious skill that they would display within the walls of a well-regulated hospital. Their brave deeds are not called for to strengthen the fighting forces on the path to victory, and when the struggle is over for the soldier the work for the army surgeon is only enhanced. We wish we could add that, when the rewards for the soldier are distributed, the army surgeon is called to stand side by side, and to share the honours and distinction with the recipients, as he shares all the dangers and privations in the field."

WHAT is not unlikely to turn out a useful exploration is about to be undertaken in Upper Burmah. The *Pioneer's* Rangoon correspondent writes:—I am glad to hear that one of the results of the protracted stay of a gentleman connected with the Bombay-Burmah Trading Corporation in Mandalay is likely to be the exploration of the Chindwin river in a steam-launch. The Burmese Government have given their sanction to the trip, *but as it is said their authority does not extend* very far inland from the course of the river, it will not be altogether a trip without danger. The Chindwin river flows into the Irrawaddy near Myinjan, and from the large body of water discharged it is thought it must be navigable for a long distance from its mouth. Unfortunately the wild Kachins, who live about these parts, have a bad name for cunning and cruelty. Revenue is collected from them by the Burmese with great difficulty, and reprisals are not unknown. If they take it into their head to annex the exploring launch when she anchors, as she must do to get fuel, it will not be easy to get out of the difficulty. But with the danger and difficulty attending the expedition, there will of course be the honour and glory of being successful pioneers of trade and civilisation; and with the example of Stanley in Africa, the first navigator of the Chindwin will doubtless be able, by a happy combination of the *suaviter in modo* with the *fortiter in re*, to set at rest for ever the question of the navigability or otherwise of this important river. It is to be hoped a surveyor will accompany the launch, so as to be able to map the route of the steamer.

THE first-fruits of the census have been offered, says the *Pioneer*, on the statistical altar by the territory of Rampore, in which the preliminary enumeration has already been completed, and the numbers added up. The first census ever taken in this territory was in 1872, when the population amounted to 507,000. It is now returned roughly as 537,000, being an increase of 30,000 people, or 6 per cent., which gives an annual rate of increase of a little over ·5 per cent. This is identical, the *Pioneer* says, with the rate at which the population of the N. W. P. was found to have increased between the census of 1865 and that of 1872. The enumeration in Rampore in 1872 was, however, rather imperfectly carried out, and it is impossible at present to say how much of the increase of 30,000 is due to improvement in the method of counting and how much to the actual growth of the population. On the present occasion the preparations are believed to have been very efficient. Several of the native States are exerting themselves vigorously in respect of the census, and pride themselves in showing that they can carry out an administrative measure of this kind as effectively as the British provinces; and there is reason to believe that such States as Rampore, Baroda, and Hyderabad will not be far behind the best-governed districts under British rule. The final census will be taken in Rampore, as in all British India, on the night of the 17th February; and the interval till that date will be employed by the officials of the State in testing and perfecting the enumeration which has already been made.

THE (London) *Statesman* was stopped at the London Post Office and detained for some "unwitting" infringement of postal regulations.

READERS of Mr. H. M. Stanley's last work will remember his glowing account of Mtesa, King of Uganda, on the north shore of Victoria Nyanza. So eager, according to Mr. Stanley, was this much calumniated potentate to be taught that no time was lost by the Church Missionary Society in sending out a body of able missionaries to endue Mtesa and his people with the white man's religion, and thus establish a powerful Christian kingdom in Central Africa. All went well for a time (according to the missionaries' accounts); but by-and-by a body of Roman missionaries arrived, who (according to their own account) convinced King Mtesa that the English teachers had been telling him the wrong story altogether; and the open-minded potentate let his countenance shine upon the clever priests, and told the Englishmen to be off. The latest missionary news from Uganda is that on the "eve of Pentecost" several adult catechumens received baptism, and the King still continued his protection of the Catholic missionaries. But quite another story comes from a source which, the *Pall Mall Gazette* suggests, common-sense people will probably credit more than the tales of either Protestants or Catholics. Dr. Emin Bey, the able German Governor of the Egyptian equatorial province on which Uganda borders, writes home that though he has the greatest respect for Mr. Stanley, so much of what he wrote was so imaginative ("so viel falsches") that he thinks it right to state the actual condition of things. All Stanley's white-washing of the bloodthirsty potentate Dr. Emin Bey characterizes as "humbug." At a meeting of the King and chiefs on December 23, 1879, it was unanimously resolved to forbid the teaching of both English and French missionaries, and punish all converts with death; that neither the white man's religion nor Mahommedanism was suitable for them; and that they should return to the beliefs and customs of their forefathers. Accounts up to June 1 of this year show that this decision has not been altered, and that the missionaries (of both creeds) believe Uganda must be abandoned. The King is as brutal as ever, and sacrificed over 200 poor people over his ancestors' graves. Dr. Emin Bey says he likes Mtesa notwithstanding his cruelty and hypocrisy, and he has a special friend in Katikso, the King's Minister, and "the only gentleman in Uganda." Evidently Mr. Stanley has a good deal to answer for in the next book he publishes.

MR. LABOUCHERE has but cold comfort for those who believe in a coalition between Whigs and Conservatives: "In the House of Commons there are not more than thirty territorial Whigs whose defection may be counted on under certain circumstances. Whilst, therefore, the Whig element is strong in the Cabinet, it is powerless in the House of Commons. So long as Mr. Gladstone relies upon the Radical wave which returned to Parliament the present majority there is little to fear from either Conservative or Whig manœuvres. Mr. Gladstone's own popularity is so great in the country that a Liberal siding and abetting in any motion which might tend to shake the position of the Prime Minister would forfeit the confidence of his constituents. What the Conservatives have not yet realised is, that the provinces have always been more Liberal than London West-end clubs, London society, and the men from whom Cabinet ministers are chosen. At present the provinces are determined to have effect given to their views, and in a great measure the Radical uprising is a rebellion of the provinces against London coteries. This feeling was rife for expression in the counties at the last general election, but owing to absence of organisation it did not produce any great result at the polls. The county constituencies still remain represented by men whose local influence is derived from their being the connecting link between the provinces and the metropolitan coteries. With a reduction of the county franchise, and with a measure to take all county administration out of the hands of individuals, and to place it in those of a county board, freely elected, Conservatism, in its party sense, will be swept away. I am not discussing whether this ought to be. I merely assert that such will be the case. The masses are essentially Radical. The House of Commons is more Radical than the Cabinet, and the country is more Radical than the House of Commons. There is always a tendency in members of the House of Commons to make common cause with the ruling clique, and it is owing to this, and to the superior internal organisation of the Whigs, that the latter have always managed to exercise so enormous an influence on actual legislation. This is the first Liberal Cabinet in which they have had to divide the direction of affairs with the Radicals, and in which, although outnumbering the latter, they are unable to exercise a paramount influence, owing to the pressure put on those representing Liberal constituencies by their electors. In all future Liberal Cabinets, the machine—to use an Americanism—will be run by the Radicals, and if the Whigs want places in it, they must accept the position of passengers." But, then, Labby is himself a Radical, and the wish may be father to this thought.

BOMBAY.

TO-DAY.

Band, B. V. R., at the Apollo Bunder, this evening.

Divine Service, on board, the ship Dominion, 7-30 p. m.

Gaiety Theatre, Pantomime, "Blue Beard," 9 p. m.

VESSELS ARRIVED.—The following vessels arrived on the 4th instant:—Calcutta (s), from Kurrachee; Gunga (s), Jeddah; Emile de Gerardip, Mauritius. Yesterday:—Punjab (s), from Delagoa Bay.

VESSELS SAILED.—The following vessels sailed yesterday:—I. G. S. Dalhousie, to Kurrachee; Assyria (s), Marseilles; Oorun to Cutch; Wistow Hall (s), Liverpool; Vorwaerts (s), Trieste.

MUSIC AT THE APOLLO BUNDER.—The following programme of music will be played by the band of the Bombay Volunteer Rifles at the Apollo Bunder this evening:—

March	On popular Songs	Kappey.
Overture	Rosamunde	Franz Schubert.
Duet	Oberto Conte de S. Bonifacio	Verdi.
Waltz	Wiener Kinder	Strauss.
Quadrille	New Melodien	Strauss.
Galop	Jager's Lust	Riede.

GOD SAVE THE QUEEN.

PRINCE'S DOCK.—The s. s. Clan Fraser left the dock yesterday.

GOA.—A new bazaar which has been built in Pangim at the expense of the Municipality was opened on the 1st instant.

A VAGRANT.—Peter McGuire, a European, was yesterday declared a vagrant by Mr. P. Ryan, and was ordered to be sent to the Government Workhouse.

EVADING THE GANJA LICENCE.—Balloo Bhima was yesterday fined Rs. 5 by Mr. M. G. Ranade for selling ganja without a licence from the Collector of Bombay.

THE VEHAR LAKE.—The height of water in the Vehar Lake for the week ending Saturday, 1st instant, was 53 feet and 5 tenths. In the corresponding week of last year it was 54 feet.

THEFT.—Calloo Ittoo was yesterday convicted by Mr. M. G. Ranade of stealing three brass vessels, *valued at Rs 2-8, belonging to Balla Rama.* He was sentenced to one month's rigorous imprisonment.

CHOLERA AT POONA.—We regret to hear that cholera has made its appearance in the city of *Poona since Sunday last. The epidemic is at* present confined to Shunwar, Narrain, and Sadasew Peits.—*Poona Observer, Jan. 5.*

CHEATING.—Chuttoorbooj Soorchund was yesterday convicted by Mr. P. Ryan of cheating, and inducing Naya Passoo to deliver to him two bags of rice, valued at Rs. 24, on a false representation. He was sentenced to two months' rigorous imprisonment.

CHARITABLE DISPENSARY.—The total number of patients treated during the last month at Hakim Mahomad Bakar Unani's charitable dispenary, Chinchpoogly, was 1,454, out of whom 211 were new admissions. The prevailing diseases were fever, coughs, skin, chest, liver, and spleen complaints.

LOSS ON THE MADRAS RAILWAY.—Mr. Branson, barrister, while travelling from Madras to Arconum *en route* to Bombay, on the night of the 20th December, lost a courier-bag containing a gold watch, a cheque, ready cash to the amount of one hundred rupees, and three first-class return tickets from Madras to Bombay. The loss has been reported to the Madras police.

KHAN BAHADOOR ABDUL ALI.—In regard to a notice in a recent issue of the *Gazette of India* which cancels "so much of notification No. 801 P., dated 30th March, 1876, as confers the title of Khan Bahadoor as a personal distinction upon Abdul Ali," we are requested to state that it has no reference to the title conferred on Mr. Meer Abdul Ali, the chief detective of the Bombay police force.

ALLEGED THEFT AT SEA.—Captain Alderton, of the P. and O. Company's steamship Khiva, reported to the police on Tuesday last that at sea a native passenger named Hoosein Ally Mahomed Ally complained that his box had been broken open, and property, consisting of jewellery, &c., to the value of Rs. 300, was stolen from it. The ship was searched at the time, and on the vessel's arrival in the Prince's Dock another search was made, but no trace of the property could be found.

CHOWK HOTEL, MATHERAN.—The following additional names of visitors to this hotel have been registered:—Mr. and Mrs. Michell, Mr. E. Berkley Archer, Miss Stephens (London), Messrs. E. V. Jordan and G. M. Ryan, Captain W. E. Thomhson, Mrs. J. B. Bennett and the Misses Benneth (Melbourne), Captain and Mrs. R. C. Dixon, Messrs. T. Knaust, A. Favre (Locle), Emile Courvoisier (France), E. Charpe, James Balbe, D. Macropolo, J. P. Weber, S. L. Steffenauere, W. M. Ogg, W. Jeffreis, W. Cope, A. Birtner, W. L. Shattock, A. E. Meiffre, M. Fischer, Lieutenant E. Deadman, Messrs. E. Minors, A. C. H. Jones (Poona), J. Bickel, and Dr. W. Loudon (Berlin).

THE TARDEO ROAD.—A correspondent writes:—"Attention has been called through the medium of your and other columns, and recently by a memorial to the Municipal Commissioner, to the disgracefully filthy state of the gutter bounding the whole length of the Tardeo Road to the east. This pit of dirt and filth, however, has, thanks to the Health Department, lain brimful of the most noxious slime ever since the rains. It is disgusting to the sight, It is a wonder that in spite of repeated warnings, the filth has been allowed to accumulate, though it is apparently poisonous. The negligence that allows such a hot-bed of malaria to exist on one of the most frequented of our highways is as disgusting as the odour of the gutter." We remember having more than once received complaints regarding the dirty state of the Tardeo Road leading to Breach Candy, and considering that thousands of millemployés have to frequent it, we would urge on the municipal authorities the desirability of seeing to its cleanliness.

WANT OF CARRIAGES ON THE SIND RAILWAY.—Complaints reach us of the want of carriage accommodation on our railway just now. During these holidays lots of passengers travel to and fro between Upper Sind and Kurrachee, and provision should be made for their comfortable accommodation. On the I. V. S. section we hear this is very bad, especially between Ruk and Shikarpur, numbers of second-class passengers being packed in third-class carriages, and third-class ones thrust into "cattle vans."—*Civil and Military Gazette.* (Sind Issue)

THE SIMLA VOLUNTEER PRIZES.—We learn that Sergeant Green, of the 3rd Punjab S. P. and D. R. Volunteer Corps (at present station master at Kurrachee) scored 53 points out of a possible 56 for the Simla Volunteer Prize. This is the highest score obtained up to date throughout India, and is highly creditable to the corps to which Sergeant Green belongs. The second best score is 52, which has been made by a relative of Sergeant Green's—Volunteer Dale, of the East India Railway Volunteer Corps, at Allahabad.—*Civil and Military Gazette* (Sind issue.)

DIVINE SERVICE.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

SERVICE will be held this (Thursday) evening at 7-30 on board the ship Dominion. The Bethel flag will be hoisted in the afternoon. Captains, officers, and seamen are earnestly invited to attend. A large launch, for any friends wishing to go from shore, will leave Apollo Bunder at 7 p.m. precisely.

INSOLVENT DEBTORS' COURT.—JAN. 5.

(Before Sir CHARLES SARGENT.)

RE MANOKLAL ASSOO.

Mr. Sergeant Atkinson, on behalf of Dhurumsey Assoo, a creditor, moved for the issue of notices to Ebrahim Tar Mahomed and another, directing them not to part with the property of the insolvent now in their possession. The insolvent, who was indebted to the applicant in Rs. 15,000, was discharged in September last, his schedule shewing that he had no assets whatever. Since the discharge, however, the applicant had discovered that property belonging to insolvent had been mortgaged by him with the two persons to whom notices were to be issued. It rests with the Official Assignee to determine hereafter what steps, if any, should be taken to recover the property. An order was made as applied for.

RE RAMJEE BHIKA KOOMARIA.

Mr. Budroodin applied to make absolute a rule *nisi* granted by Mr. Justice Bayley, calling upon the insolvent to shew cause why he should not deposit three books of accounts with the Official Assignee. The learned counsel said the insolvent did not appear to show cause against the order, and there was no opposition to the rule being made absolute. The insolvent was, however, called, and on getting into the box he said he had no more books to deposit. His Lordship directed that the matter should stand over until Mr. Justice Bayley could hear it.

RE WASUDEO CRUSHNA SENOY.

Mr. B. M. Wagle, for the insolvent, applied for leave to serve notices and to amend the schedule, if necessary. The application was granted.

RE MEMON SULLEMAN LUTIFF.

Mr. Dhairyavan, on behalf of the insolvent, asked for an extension of the interim order granted to his client. The order was extended for three months.

RE OODOWJEE NATHOO AND ANOTHER.

Mr. Serjeant Atkinson, for the insolvent, applied for an enlargement of the interim order granted to his client some months ago. His Lordship said the insolvent did not appear to have done anything since getting the protection order, and there was no affidavit made to show why the order should be enlarged. The learned advocate said this was a very complicated matter, and that the examination of the accounts in the Official Assignee's office took much time. Mr. Turner, Official Assignee, confirmed this statement; and his Lordship extended the order for four months.

PETITIONS DISMISSED.

The petitions of Lilladhur Ramjee, Balloo Mantajee, and Khoja Munjee Khemjee were dismissed for want of prosecution.

DISCHARGES.

The undermentioned insolvents were granted discharges:—George Michael Brady, a guard, Rs. 700; Ramdin Shewdas, Rs. 1,677; Sadanund Macoonjee, an English writer, Rs. 2,446. Mula Ibrahim Khan, unemployed, Rs. 479. Dewjee Megraj, a merchant, Rs. 7,124. Jivanjee Nowrojee Darooalla, Rs. 381. Gemimano DeSouza, a clerk, Rs. 1,736. Manikjee Cadasenjee Mahatray, a carpenter, Rs. 3,001. Narbheshing Premsing Pardesee, a milk-seller, Rs. 1,412. Caramchund Madowjee, Rs. 1,217. Ambaram Dyaljee, a goldsmith, Rs. 2,000. Dhakjee Moroba Patel, Rs. 890. Francis Gomes, a G. I. P. Railway, Rs. 433. Kissonlal Amirdas and ten others, native fiddlers, Rs. 3,912. Charles Edward Evans, a sexton, Rs. 2,351. Manuel Lawrence, a carpenter, Rs. 1,045. Hajee Ayeb Habib, Rs. 749. Rana Dhondajee Kadum, a mucadum, Rs. 574. David Sternscher, a dealer in Europe articles, Rs. 3,488.

BOMBAY TOWN COUNCIL.

AT the weekly meeting of the Council held on Tuesday last there were present—Dr. Blaney, chairman, Sir Frank Souter, Kt, C. S. I., Mr. C. Douglas, Dr. Cook, Messrs. Nowrojee Furdonjee, Muncherjee N. Banajee, Nanabhoy Byramjee Jeejeebhoy, Raghunath N. Khote, F. C. Gangjee, Rahimtoola M. Sayani, and the Hon'ble Rao Saheb V. N. Mandlik, C. S. I.

MISCELLANEOUS.

The seal of the Corporation was affixed to a deed of contract with Mohunlal Becherdas and Co. for the supply of road metal at Rs. 3-15 per brass, the Municipality furnishing the stone for the same free of charge from the Bhundarwada Reservoir Works. The Council agreed, at the request of the Commissioner, to recommend the Corporation to sanction the writing off from the assessment book of Rs. 6,780-11-9, being the amount of irrecoverable bills for the years 1874-79. Sanction was given to the payment, from the drainage loan, of Rs. 4,250, to meet the cost and landing charges on account of specimen privies, flushing apparatus, syphon pipes, gratings, &c., received from England for house connections, Drainage Works.

THE SUPERINTENDENT OF MUNICIPAL WORKSHOPS.

The Chairman read the following letters from the Municipal Commissioner on the excess incurred by the Superintendent of Municipal Workshops:—

Municipal Commissioner's Office,
Bombay, 4th January, 1881.

To the Secretary, Town Council.

SIR,—*With reference to the Town Council's resolutions of 27th July and 3rd August, 1880, I have the honour to forward further correspondence on the subject of the new municipal stables at Cumballa Hill, including the Superintendent of Workshop's explanation of the excessive expenditure on that work. In order that there might be no doubt as to the exact amount of the excess, and as to the items on which the excess has occurred, I had the entire work carefully measured and re-measured by the Deputy Executive Engineer's Department and the Superintendent of Workshops conjointly, and the result is that after allowing the workshops every thing that the Superintendent could claim on account of the work done, there is an excess of Rs. 6,115 over the estimate. Briefly stated, the Superintendent's explanation is as follows:—That he was not aware of any excess until some time after it had been incurred. That the rates allowed were too low for the class of work; that he was obliged to purchase his materials from the petty supplies contractor; and that a profit of Rs. 2,300 which he anticipated on the pavement of the yard, was lost in consequence of that portion of the work being done by the paving contractor. But the correspondence will show that all these statements are more or less incorrect. My only reason for allowing the work to be done by the workshops was that the Superintendent informed me that he was confident that it could be done better and cheaper by the workshops than by a contractor. The work was undertaken by Mr. Rowe at the rates entered in the estimate prepared by the Executive Engineer's Department, and on the understanding that those rates, and the quantities, were not to be exceeded, and that the work, on completion, would be measured up by the Engineer's department. It is evident that the estimated rates were not too low, because several contractors have since tendered at the same or lower rates for a precisely similar class of work.*

Mr. Rowe's statement with regard to the anticipated saving of Rs. 2,300 on the item of paving is clearly an afterthought, and brought forward at the last moment in the absence of any satisfactory explanation. The statement is manifestly incorrect, and Mr. Rowe must have known that it was incorrect when he made it.

The Town Council are aware that all materials, such as stone, timber, &c., required for departmental works are purchased from a contractor at the lowest rates obtainable, after publication of a notice in the newspapers inviting public tenders; and when an estimate is prepared with a knowledge of those rates it would be absurd to call it an estimate, if it provided for a profit of nearly 50 per cent. In the present instance the Deputy Executive Engineer has shown that the cost of the stone at the accepted rates, and the charges for labour, would have absorbed the whole of the amount sanctioned for the pavement in the estimate with the exception of Rs. 200 or Rs. 300. It will be seen that the principal item in which there has been an excess is that of timber. The Superintendent endeavours to show that the loss on this account was due to wastage in sawing and cutting, but it is perfectly clear that the estimated rate for timberwork included a fair percentage for wastage; and therefore when the Superintendent claims a further sum of Rs. 2,300, in addition to the fixed rate for the timberwork, the cost of which did not exceed Rs. 6,500 for the whole building, wastage is another word for either carelessness or fraud on the part of some of the persons connected with the erection and conducting the pavement, which was constructed by the paving contractor, the amount at the disposal of the Superintendent of Workshops for the construction of the stable was Rs. 11,951. According to the final measurements, and after allowing everything in the way of extra work claimed by the Superintendent, the actual cost of the building amounts to Rs. 12,115, whereas the cost of the buildings, as shown by the Superintendent of Workshop's accounts, amounts to Rs. 18,230, after allowing Rs. 1,288 for surplus timber and materials. It appears to me that this excess of Rs. 6, 115 is unaccountable. The exact dimensions of the stable are known, and were known before the work was commenced. The quantity of materials required for a building of certain dimensions can be ascertained exactly both before and after execution, and when the measurements have been carefully made and the estimated rates applied to them the actual cost of the building can be clearly ascertained. Under the circumstances I agree with the Deputy Executive Engineer that the supposed excess is probably attributable to the excess timber charged to the milch-cattle stable having been used for the first batch of carts supplied to Government during the war in Afghanistan; and I am confirmed in this opinion by the accompanying report, which I have just received, from the Controller of Municipal Accounts, and from which it appears that the supervision over the materials used in the workshops is so inefficient that it is almost impossible to ascertain the actual cost of any particular work done there. The Controller's report abovementioned will require a full explanation from the Superintendent of Workshops, and I have written him a memo. for that purpose. Taking all the circumstances of the case into consideration, and having been for some time past dissatisfied with Mr. Rowe's manner of conducting his duties, I am of opinion that it is necessary to take serious notice of the way which has been brought to light by the correspondence now under consideration. In 1879 the Town Council, on my recommendation, increased Mr. Rowe's salary by Rs. 150 per mensem, in order to mark their appreciation of his services. I would now recommend that that extra allowance be withheld, and that Mr. Rowe be informed that he will not be permitted to draw it again until he has shown himself to be deserving of it. The excess charges may be met from profits on workshops, which amount to about Rs. 30,000, as also the excess on the first milch-cattle stables, which amounts to Rs. 3,205.—I have, &c.,

J. H. GRANT,
Municipal Commissioner.

Municipal Commissioner's Office,
Bombay, 4th January, 1881.

To the Secretary, Town Council.

SIR,—With reference to the correspondence on the subject of the Panwell brickworks, ending with the Superintendent of Workshop's letter No. 1,136 of 17th August last, I have the honour to state that, in my opinion, Mr. Rowe is much to blame in having allowed the cost of the repairs to the machinery and of the manufacture of the bricks to exceed the amount sanctioned by upwards of Rs. 26,000; and the explanations which he has submitted are unsatisfactory. In my letter on the subject of the excess on the milch-cattle stables I have suggested that as a fitting punishment for his laxity in connection with the works entrusted to him, Mr. Rowe's extra monthly allowance of Rs. 150 should be withdrawn, and therefore I do not propose to take any further action in the matter of the excess on the brickworks. Mr. Rowe will, of course, understand that if he wishes to remain in the service of the Municipality, it will be absolutely necessary for him to give greater attention to his duties than he has done recently. The excess charges on the brickworks can be met from workshops profits and from savings in the road department during the year 1880. I have, &c.,

J. H. GRANT,
Municipal Commissioner.

Mr. Nowrojee remarked that the resolution of the Council would serve as a lesson to other municipal officers.

Mr. Mandlik said this was a case in which he would give his decision without giving his reasons.

Mr. Nowrojee proceeded to remark that he thought the resolution would have a salutary effect at any rate.

Mr. Raghunath observed that it was not correct. Mr. Rowe was certainly an excellent mechanic, a first-rate hand for the work of the municipal workshops. Mr. Raghunath did not think there was any thing before the Council to lower Mr. Rowe in their estimation as a mechanic.

The Chairman explained that, under the Act, the Commissioner held in his hands the power of dealing with Mr. Rowe's case.

The Commissioner said that was so, but that as it was an important matter, involving a reduction in the budget estimates, he thought it necessary to bring it before the Council.

The Chairman said he understood the most important part of the Commissioner's recommendation was that Mr. Rowe should be warned for the future.

Sir Frank Souter said it struck him to be an objectionable course to interfere in a matter which was entirely in the power of the Municipal Commissioner to dispose of.

The Chairman explained that there were two parts of the resolution consistent with each other. There were certain excesses of expenditure incurred, and the Commissioner could not ask the Council to write them off without explaining the circumstances under which he made the recommendation and the course which he proposed to follow with a view to prevent similar excesses in the future.

After some further discussion,

It was proposed by the Hon'ble the Rao Saheb, and seconded by Mr. Raghunath N. Khote, that the recommendations of the Municipal Commissioner be adopted, and that Mr. Rowe's salary be reduced by Rs. 150 per mensem, with effect from the 1st instant. That the Commissioner be requested to inform Mr. Rowe that he will not be permitted to draw his present salary until he has shown himself to be deserving of increased pay. That the Corporation be requested to write off the sum by which has been brought to light by the correspondence now under consideration. In 1879 the Town Council, on my recommendation, increased Mr. Rowe's salary by Rs. 150 per mensem, in order to mark their appreciation of his services. I would now recommend that that extra allowance be withheld, and that Mr. Rowe be informed that he will not be permitted to draw it again until he has shown himself to be deserving of it. The excess charges may be met from profits on workshops, which amount to about Rs. 30,000, as also the excess on the first milch-cattle stables, which amounts to Rs. 3,205.—I have, &c.,

NOTICES.

CARWAR COMPANY, LIMITED,
IN LIQUIDATION.
SALE BY AUCTION OF THE COMPANY'S PROPERTY.

NOTICE is hereby given that the PROPERTY of the above Company will be PUT UP for SALE by PUBLIC AUCTION in four lots on WEDNESDAY, the 12th day of January, at 3 o'clock p.m. at the premises of Messrs. BENNETT and Co., the Auctioneers.

The first lot will consist of the Company's title to and interest in the following property, situate at Hoobloe, in the Southern Mahratta Country, viz.

Press-house, 123 by 39, 2 Nasmyth's 3 steel cylinder cotton presses. One pair of Nasmyth's steam engines, 18" stroke, and boiler, complete. Area of compound, 3 acres 22 goontas, freehold; municipal tax, Rs. 5 per annum.

1 Large tiled brick-built godown, will hold 5,000 doceras cotton.

Agent's Bungalow, with excellent well in compound; outhouses and compound, 1 acre 12 goontas; Government assessment, Rs. 0-12-9; and municipal tax, Rs. 5 per mensem.

Engineer's Bungalow and outhouses, with well-built well in compound, buildings for workpeople, in 8 acres leased in perpetuity at Rs. 8 per annum rental and Rs. 3 municipal tax, viz.

1 Gin-house, brick-built and tiled-roof, with 11 saw-gins of 40 saws each, with H. P. engine by CRAVEN and Shuttleworth and shafting, complete.

1 Godown adjoining gin-house, brick-built and tiled-roof, will contain 300 doceras of cotton.

1 Long cattle-shed, brick-built and tiled-roof, will accommodate 100 bullocks.

Office, brick-built and tiled-roof, with 3 rooms.

Range of brick-built and tiled-roof workshops, comprising blacksmith's shop, fitting shop with 15 bed, 15 centre self-acting and screw-cutting lathe with 24 change wheels, one self-acting drilling machine with 14 drills, and other tools.

Hoop iron for about 2,500 bales.
Firewood .. .. 2,500 bales.

And many other stores requisite for cotton-pressing and ginning.

Sundry small pieces of land near press compound in lease.

Small piece of land at Nargoond, in the S.M. country, with small ginning-shed erected thereon.

The second lot will consist of the Company's title to and interest in the following property, situate at Gudduck, in the aforesaid district, viz.

Piece of freehold land measuring 2 acres 23 goontas; municipal tax, Rs. 5 per annum.

Press-house, 75 by 40, brick-built and corrugated iron roof, 1 Holcatt's steam jack, hydraulic lever cotton press, with engine and boiler. This is believed to be the most powerful cotton press in India, and is comparatively new.

Gin-house, brick-built and corrugated iron roof, with 20 saw gins of 40 saws each, with engine, boiler, and shafting complete. The gin-house will store 5,000 doceras.

Range of buildings, with office, blacksmith's-shop and store-room, brick-built and roofed with corrugated iron.

Piece of land, freehold, measuring 21 goontas, municipal tax Rs. 5 per annum, with mud godown, which will hold 1,500 doceras. Deep well with permanent supply of water in press compound.

Hoop iron for 3,000 bales, firewood for 20,000 bales, and other stores for pressing and ginning cotton.

The third lot will consist of the Company's title to and interest in the following property, situate at Carwar and at Mullapoor, in the district of Carwar, and all the other property of the said Company below the Ghats, viz.

Land at Carwar—

At Allijuddy about 20 acres and 31 goontas on permanent lease for Rs. 167 per annum. Pressbouse 110 by 60 with 4 Nasmyth's 2 cylinder presses, 2 pairs of 30 H. P. engines, 1 engine of 15 H. P., and 1 engine of 5 H.P. with 3 boilers.

Iron shed for cotton storage 100 by 90 can store 8,000 doceras.

Godown at Office 130 by 26 can store 2,000 doceras.

Fitter's shop 56 by 26.

Blacksmiths shop 39 by 21

Carpenter's shop, 76 by 26.

Mechanic's bungalow 67 by 27.

At Konay—Originally 11 acres, but a portion has since been leased to Government in a permanent lease of Rs. 239 per annum.

Press House, 150 by 24, will contain 9,000 doceras; 2 Brunton's cotton presses.

Konay office building, two-storied, 101 by 41 stable 150 by 16.

Hill bungalow compound about 2 acres, freehold; annual assessment, Rs. 14-5-6. Bungalow 130 by 65 with servants' outhouses.

At Mullapoor—One acre, permanent lease; rent Rs. 20; bungalow 69 by 10'.

At Kodibag—2 acres and 8 goontas; annual assessment, Rs. 2-10-6.

At Carwar. Two wooden cargo boats of about 150 candies carrying capacity and two rowing gigs.

At Bombay.—Two wooden cargo boats of about 110 candies carrying capacity.

The fourth lot will consist of the book-debts and outstandings due to the company and their right and interest in any contract which may be unfulfilled at the time of sale.

Further information can be had on application to the undersigned, or to Mr. GEORGE ROBERTSON at Hoobloe.

Particulars and conditions of sale to be obtained on and after the 31st December, 1880, on application to Messrs. Smith and Frere, Solicitors, or to

W. M. MACAULAY,
S. L. MACNAGHTEN,
Liquidators.

PHOSPHO,

A NON-ALCOHOLIC SPARKLING RESTORER,
OR
GOOD TEMPLARS' CHAMPAGNE.

OUTWARD BOUND PASSENGERS should provide themselves with a basket of "PHOSPHO," as it allays the nausea preceding sea-sickness, and conduces to render a sea-voyage agreeable and of real benefit to an invalid.

SPORTSMEN will find "PHOSPHO" a most invigorating and sustaining drink for the field or jungle, bracing them up to bear an extraordinary amount of physical exertion with scarcely any subsequent fatigue. No Shikarree should go forth without a supply.

EXCURSIONISTS AND PICNIC PARTIES cannot be considered complete without a basket of "PHOSPHO," as it exhilarates the spirits and produces an amount of cheerfulness and conviviality required to make an excursion the really enjoyable thing intended.

☞ SOLD IN BASKETS CONTAINING THREE DOZEN CHAMPAGNE PINTS, Rs. 10; OR SIX DOZEN, Rs. 20.

BADHAM, PILE & CO.,
BOMBAY AND SECUNDERABAD.

DUNNETT AND CO.,
BOOTMAKERS AND SADDLERS,

HAVE just RECEIVED a LARGE SUPPLY of the best ENGLISH and FRENCH LEATHER of SORTS, bought in the best markets by our Mr. DUNNETT, who has had a practical experience of over 16 years in the trade.

Also a ready-made stock of BOOTS and SHOES, SADDLERY, etc.

As we profess to be Bootmakers and Saddlers only, we are able to devote the requisite attention to each department that is necessary to place us in a position to defy comparison in the Presidency as to style, quality, fit, and durability.

Constituents favouring us with any orders may rely on having prompt execution, combined with excellent workmanship, both departments being under the practical supervision of English Foremen.

Our celebrated Field or Elcho Boots are now well-known not only in the Presidency but throughout India, owing to the great number having been used in Afghanistan and the Frontier; mentioned and recommended by the special correspondent to the *Times of India* from Kandahar, who says: "The boot known as the 'Field' Boot is also excellent. DUNNETT, of Bombay, makes them well." They are most suitable for Riding, Hunting, Shooting, or District wear.

PRICE-LIST—GENTLEMEN'S BOOTS AND SHOES:

Patent, Enamelled, or Calf, Military Regulation-mounted Boots	... ...	Rs.	30 to 35
Dress Wellingtons, guaranteed to fit with spur-boxes	... ...	„	30 to 35
Butcher or Riding Boots, in either Brown or Black Leather, carefully sewn	... ...	„	25 to 35
Our celebrated Elcho or Field Boots, in either Brown or Black Leather, strongly made	... ...	„	30 to 35
Calf Regulation Wellingtons, with spur-boxes, highly finished	... ...	„	27 to 30
Patent Leather Military Dress Boots	... ...	„	14 to 16
Calf or Parade Boots	... ...	„	14 to 16
Patent Goloish Kid-top Dress Boots	... ...	„	14 to 16
Calf „ „ Walking Boots	... ...	„	14 to 16
Shooting Boots in Brown or Black, Plain or Grained Leather	... ...	„	16 to 18
Dress Shoes, Oxford Flap or Bow	... ...	„	10 to 12

THE BANKRUPTCY ORDINANCE, 1870

IN THE SUPREME COURT OF THE STRAITS SETTLEMENTS.

SETTLEMENT OF SINGAPORE.

IN the MATTER of ESUFFALLI HASSAN ALLI BASHRAI and MOOLLA ESMAILJEE SHAIK ALLIBHOY, carrying on business in co-partnership as Traders, at No. 103, Beach Road, Singapore, Bankrupts.

GEORGE EDWARD EVANS, of Singapore, Official Assignee, has been appointed Trustee of the property of the bankrupts. The Court has appointed the PUBLIC EXAMINATION of the bankrupts to take place at Singapore, on the 17th day of January, 881, at 11 o'clock in the forenoon.

ALL PERSONS having in their POSSESSION any of the EFFECTS of the bankrupts must DELIVER them to the Trustee, and all DEBTS due to the bankrupts must be PAID to the Trustee.

Creditors who have not yet proved their debts must forward their proofs of debts to the Trustee.—Dated this 15th day of November, 1880.

J. C. MITCHELL, Deputy Registrar.

8, APOLLO BUNDER,
BOMBAY.

ROWLANDS' MACASSAR OIL has been known for the last 80 years as the best and safest preserver and beautifier of the hair; it contains no lead or mineral ingredients, and is especially adapted for the hair of children; sold in usual four sizes.

ROWLANDS' ODONTO is the purest and most fragrant dentifrice ever made; it whitens the teeth, prevents decay, and gives a pleasing fragrance to the breath, and the fact of its containing no acid or mineral ingredients specially adapts it for the teeth of children.

ROWLANDS' KALYDOR produces a beautifully pure and healthy complexion, eradicates freckles, tan, prickly heat, sunburn, &c., and is most cooling and refreshing to the face, hands, and arms, during hot weather. Ask any Perfumery Dealer for

ROWLANDS' articles, of 20, Hatton Garden London; and avoid spurious worthless imitations.

Wholesale and retail Agents, Treacher and Co., Byculla and Fort, also at Poonah.
